## From The Editor:

The end of December and January is a pretty quiet time out in my part of the sticks. Winter, such as it is, gives me time to catch up on odds and ends. My Healey is sunning itself in front of the garage while I add snaps to the tonneau cover that I had been putting off doing. I bit the bullet and purchased the correct die stamp to install the Lift-a-Dot snaps without ruining the tonneau.

My best wishes for a great year to all those who are not enjoying nice summer days in the Peoples Republic of California. For us, today is just another shirtsleeve day in paradise. I am sure somewhere in Sacramento there's a clandestine group trying to figure how to tax days like these as a penalty for enjoying life without *their* permission. Then when it finally does come, they can crow that winter is what wretches like us really deserve who drive cars like Healey's in *their* state.

I have put off adding a turn signal flasher switch to my Healey for the emergency that I hope never happens. This should be fairly simple with the diagram (shown) that was in Healey Hearsay some time ago. If there is any interest in a very low level tech session to this (any model), I would consider hosting it. It would be a tech session with a lot of talk and not too much work. Think about it.

Regards,  
Warren

### President's Message Bob Farnsworth January 2006

This will be the last "President's Message" from me for now as Rick Snover takes the reins next year. It is hard to believe that two years have passed so quickly. We have made some modest strides, added about 10 new members, secured our bid for sponsoring Conclave 2008 and have had some wonderful activities. Sue and I have had the opportunity to meet more of you than we would have and shared some memorable events. For the good times and friendship, we thank you.

The next few years promise to be even more rewarding as we gear up for Conclave, not to mention Open Roads, California Healey Week and Healey Rendezvous. Lots of fun and plenty of work for everyone lie ahead.

I thank all of the Board, Special Staff and club members for your support and for entrusting your club to me over the past two years. Now its time for me to get to work on the Healey, no excuses.

Hope to see you at the next meeting, if not before.

Bob

### Some Assembly... Done!

By Rick Snover

When the fellow (Scott?) from the Triumph Club approached our table at the March '04 Board Meeting at Abbey's Real Texas BBQ, to see if anybody in our club might be interested in a '64 Sprite, I decided to go take a look. That weekend, Terry Cowan and I met the seller at his friend's house in El Cajon where the car (along with a few others) was parked in the back yard. It turned out that the car had belonged to late AHCS member Steve Houtz, and had been parked there since shortly after his death a few years ago. It wasn't running, due to a "head gasket leak", the interior was completely shot, and something had built a nest in the battery tray, but the body appeared to be pretty straight and the paint wasn't too bad. The price seemed right, so I wrote him a check and arranged for Terry to pick it up and take it down to the Toy Shop. I was hoping I had acquired a quick make-it-run-and-start-having-fun project. So much for hope!

The so-called head gasket problem turned out to be a broken piston. With the original 1098cc engine re-built, plus new wiring harness, interior, carpets, wheels, tires and various and sundry other essentials that I can't recall off-hand, I had it registered, insured, and on the road that summer, but only briefly. On the way to soft-

ball in Poway one evening, the old 1098 gave up the ghost, with a slipped cylinder sleeve and resulting catastrophic damage. I limped it home to Clairemont and called Terry to come and get it. Rather than mess around with that engine any-more, we decided to upgrade to a known-good 1275 and got it back on the road in plenty of time for British Car Day. It's been running great ever since, and didn't really look too bad, but I knew I still wanted to get it painted.

I drove it a lot, racking up lots of COTY points through the end of '04 and the first half of '05. When our trip to Australia rolled around at the end of July I decided that would be a good time for the paint job. I chose a dark metallic gray I'd seen on late model Toyota Forerunners. I thought it would really look good on the

Sprite with its black soft parts and chrome wire wheels. When stripped, the body that had looked to be pretty straight turned out to be comprised mostly of bondo and rust. Once that was all repaired, and with all new chrome parts, the car was ready just in time for our Christmas Party at the Automotive Museum. The new paint was immaculate, that color I chose worked, and the car got rave reviews from everyone. I drove it every day and most nights for almost two weeks, including the Temecula Cork & Bottle Inspection Tour with the Triumph Club (more rave reviews), until it got too cold to be comfortable at night. Now it's back at the Toy Shop, while I'm at Mom's in Pennsylvania for the Holidays, getting those last few finish-ing touches that we decided to skip in order to have it ready for the party. I can't wait to get home!

## Randy Zoller's Cork Inspection Itinerary

This year's Cork Inspection tour promises to be a good one. We will start at the spectacular new South Coast Winery Resort and Spa on Rancho California Road where we should arrive shortly after 11:00am. Their wines are excellent and you will want to spend some time exploring their impressive new facility which include private villas with marble fireplaces and Jacuzzi tubs for those of you looking for a weekend escape. We will also be dining in their beautiful new restaurant where we have reservations for lunch at noon. The food is superb!

Next we are going to take a detour a little off the beaten path down De Portola Road and visit two of the hidden treasures of the Temecula valley. First is Leonesse Cellars, which will be opening their fantastic new facility in January. But until then, we can still enjoy their beautiful view and award winning wines in their warm and friendly tasting room.

Finally, we will head down the road to Keyways Vineyard and Winery. This is a great place. A bit Spanish Hacienda and a bit ranch house where many of the local equestrian folks like to hang out with there four legged rides. One of the best bargains in the valley, you get to taste all eleven of their superb wines.

Overall, I picked these three spots not only because we haven't been to them before, but because I thought their wines were truly excellent. I was especially impressed with Leonesse and Keyways. So it should be a lot of fun.  
*Randy Zoller*

*Above- South Coast Winery and Resort offers plenty of parking and beautifully kept grounds. Flowering plants are everywhere.*

*South Coast Winery Resort offers great food, excellent wines, and a warm sunny atmosphere for a few hours, or a weekend getaway.*

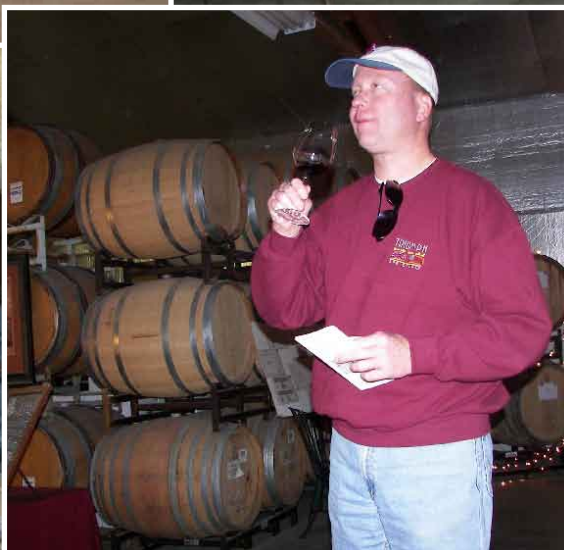

*Mike Williams, Rick Snover, (behind) Klaus Kind & Dr. Ling Gou, sample wines in South Coast Winery's tasting room. Also available were tasty chips, crackers, cheese and spreads.*

## Leonesse Cellars

*... Leonesse Cellars, which will be opening their fantastic new facility in January. Don't wait! There are great wines, ready to be tasted now!*

*Below is the owners home on a hill overlooking the vineyards and winery. It's really a beautiful area for the drive alone.*

*Connoisseur Mike Williams, deep in concentration, (you can tell by his eyes) checks a nice Leonesse red for overtones and bouquet.*

*Left- Leonesse Cellars are justifiably proud of their awards already won.*

• **If you haven't attended our "Rolling British Car Day" yet . . .** you've really, really missed a unique event! Last year, we exceeded all expectations . . . and our wildest dreams, when over 225 English cars showed up for a backcountry tour of San Diego, ending at Buca de Beppo for a great lunch. That didn't even count a couple of Italian sports cars that snuck in, and a few modern irons!

• **The purpose of Rolling British Car Day is simple**—to get as many folks and clubs together as possible, and to put their wonderfully different British cars on the road!! We seek to foster camaraderie and have you meet new friends and see old ones! It's quite a sight to see British cars as far as you can see ahead of you, and even more in your rear view mirror!!!

• **Rolling British Car Day is a non-competitive**, no stress, only-fun-allowed event. There are no fees, no applications, no judging and no trophies . . . but we will have FREE raffle prizes at the end! WHAT A DEAL, EH???

This year's event will be a little different in that we've just become too dog gone big for any restaurant to handle us! So, bring your picnic basket—a great chance to show off that picnic basket and all the goodies you've been collecting all these years!

To reach the starting point--From I-15 near Poway, take Camino Del Norte EAST, turn right on Carmel Mountain Rd

We will travel through Poway, out the East and go North through the country and around Ramona, then West to Escondido arriving around Noon at Felicita Park for a picnic. Route will include short cuts for those who like to (or need to!) drive less.
