From The Editor:

A common need that binds Healey people together is the availability and the price of gas for our cars, not to mention energy for the rest of our lives. Page 8 shows the frustration of Americans over gas prices. Many of us are at that point in our travels that the road behind is longer that the road ahead. We might reflect if this is the America we want to leave our grandkids.

Regardless of party affiliation, most Americans are treated to the nightly screaming of one party at the other, and frankly I can't see that anyone is minding the store on *anything*. Am I the only one who feels this way? I doubt it.

What's with price of energy in general? One hand says that we can't drill for oil in the Anwar, or offshore, or build more refineries, or build more electric power stations except in Mexico, or install more power lines, or, or, or. On the other hand, Wall Street is running up the price of energy way beyond world consumption and using any event to further increase costs. The CEO of Exxon-Mobil has received over one billion dollars in compensation since 1994. Furthermore, the market is cheering him on.

You would think that the resources on America's public lands and continental shelves belong to all Americans and not just to greedy businesses, unrealistic environmental groups, or politicians in a perpetual race for the White House.

It's easy to blame this on Escalades, Expeditions, Global Warming, and "the other party". While most of us realize global warming is happening, even the experts are not together on the timing and severity of effects. If you don't believe this, do your own research as I did. Even locally, those of us who live in North County have homes built on Poway Conglomerate, which is the tailings of a glacier that covered much of San Diego County during a past ice age. I have camped in the Sierras, at nine thousand feet, next to granite with striations left by glaciers. As one who has spent some time around animals, they will catch on. The Caribou in Alaska will still migrate and the birds will figure out windmills.

The animals who have not caught on are us. Regardless of certainty of outcome, I have always found reasonable and responsible risk is manageable. New energy sources are not without risk. We must and will solve our energy needs. The risk that scares me is trying to explain to my grandkids how we sold America, one dollar at a time, because we were afraid.

President's May Message

April 26, 2006

Hi Everybody,

Another month has come and gone. We had some fun last month… Rolling British Car Day was wet, cold, and a blast! I wasn't the only one who was brave (foolish?) enough to drive it with the top off my Sprite. It was fine as long as I kept moving. The Motor Cars on Main Street show in Coronado was fun, too, and there's a lot more to come. By the time you read this I'll be back from racing in the British Extravaganza at Button-willow, and getting ready for California Healey Week.

FIRST INCLASS (No, not my Sprite. The Humphrey's 3000 (in the back ground) won at Coronado.

Several of us are planning to leave for Big Bear on Thursday morning (the 4th), and others are leaving on Friday. We'll be coordinating the drives by email, but if you're not in (and don't want to join) our AHCSD-Discuss Yahoo! group, feel free to give me or Dana McPeek a call and we'll try to put you in touch with someone who's heading up when you are

.

I'm still debating whether or not I want to try to transport my Sprite to Healey Rendezvous in July. I'm sure it would be less expensive per car if we can get a group together, but I don't want to waste a lot of time investigating if there's not enough interest to make it worthwhile. Let me know if you're interested and I'll try to get some quotes.

Don't forget to get out and drive your Healey' s, even more than usual, during British Car Week, May 27 through June 4. See http://www.britishcarweek.org/ for details.

TTFN,
Rick Snover, President

Midnight At The Oasis
Hello everyone! Over the last several years the Putzke's, and more recently Warren Voth and I, have been attending an absolutely wonderful car show out in Yuma. It's a 3-day event and it's open to any pre-1973 vehicle (hot rod, classic, custom, British, racing, etc.)
The next one is scheduled for March 2-4, 2007. It's a real fun show and a bargain for the buck. Your $75 entry fee includes your car, meal tickets for two, concerts, t-shirt, dash plaque, and more. A local group of fun folks caravan out together and stay together at one of the local hotels. Fun folks, good times. Here's the catch...registrations are limited to 850 cars and they don't except entries postmarked before May 1, 2006.This seems like a long way off, but trust me, it'll will fill up quick. If you're interested in joining us next year, go to the web-site (http://www.caballeros.org/midnight.htmlt;http://www.caballeros.org/midnight.htm) for registration forms and lots more info. We'll get everyone together sometime in the Fall to plan hotel reservations and a group BBQ. Oh yes...if you decide to go, make sure to write down that you're from the "SD Loners" group on your registration form. Hope you can join us!

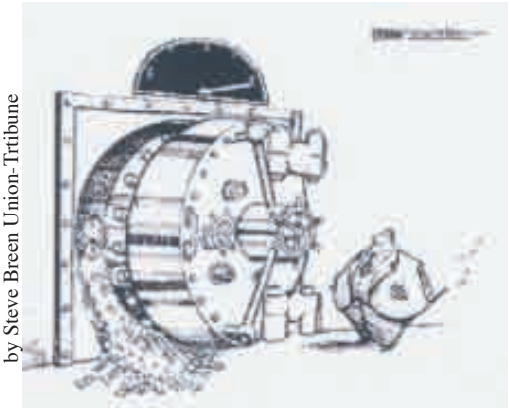
GAS WAR - *Will This Work?*

GAS WAR - an idea that WILL work. This was originally sent by a retired Coca Cola executive This idea came from one of his engineer buddies who retired from Halliburton. It's worth consideration. Join the resistance!!!!

I hear we are going to hit close to $ 4.00 a gallon by next summer (**make that THIS summer- ed.**) and it might go higher. Want gasoline prices to come down We need to take some intelligent, united action Phillip Hollsworth offered this good idea. This makes MUCH MORE SENSE than the "don't buy gas on a certain day" campaign that was going around last April or May The oil companies just laughed at that because they knew we wouldn't continue to "hurt" ourselves by refusing to buy gas It was more of an inconvenience to us than it was a problem for them. BUT, whoever thought of this idea, has come up with a plan that can really work.



by Steve Breen Union-Trtibune

Please read on and join with us. By now you're probably thinking gasoline priced at $1.50 is super cheap. Me too! It is currently $2.79 (**Ah... for the good old days - ed.**) for regular unleaded in my town. Now that the oil companies and the OPEC nations have conditioned us to think that the cost of a gallon of gas is CHEAP at 1.50 - $1.75. We need to take aggressive action to teach them that BUYERS control the marketplace . With the price of gasoline going up more each day, we consumers need to take action.

The only way we are going to see the price of gas come down is if we hit someone in the pocketbook by not purchasing their gas! And, we can do that WITHOUT hurting ourselves How? Since we all rely on our cars, we can't just stop buying gas. But we CAN have an impact on gas prices if we all act together to force a price war. Here's the idea: For the rest of this year, DON'T purchase ANY gasoline from the two biggest companies, which now are one), EXXON and MOBIL If they are not selling any gas, they will be inclined to reduce their prices. If they reduce their prices, the other companies will have to follow suit.

But to have an impact, we need to reach literally millions of Exxon and Mobil gas buyers. It's really simple to do! Now don't wimp out on me at this point...keep reading and I'll explain how simple it is to reach millions of people. I am sending this note to 30 people. If each of us sends it to at least ten more (30 x 10 = 300) ... and those 300 send it to at least ten more (300 x 10=3,000)...and so on, by the time the message reaches the sixth group of people, we will have reached over THREE MILLION consumers. If those three million get excited and pass this on to ten friends each, then 30 million people will have contacted. If it goes one level further, you guessed it..... THREE HUNDRED MILLION PEOPLE.

Again, all you have to do is send this to 10 people. That's all! If you don't understand how we can reach 300 million and all you have to do is send this to 10 people, you just aren't a mathematician. But I am, so trust me on this one. How long would all this take? If each of us sends an e-mail out to ten people within one day of receipt, all 300 MILLION people could conceivably be contacted within the next 8 days!!! I'll bet you didn't think you and I had that much potential, did you! Acting together we can make a difference. If this makes sense to you, please pass this message on. I suggest that we not buy from EXXON/MOBIL UNTIL THEY LOWER THEIR PRICES TO THE $1.30 (**I'll. settle for $1.80. There is pressure in the market. - ed.**) RANGE AND KEEP THEM DOWN. THIS CAN REALLY WORK

The Triumph club has a rallye scheduled for May 21. It's starts at 10:00am sharp from the Presidio parking lot and ends up at Shakespeare's Pub. This will be a 20 questions rallye. You will have 2 1/2 hours to find the answers to as many questions as you can. No navigational skills are required. You will need a Thomas Brothers map and a general knowledge of San Diego.<pre class="moz-signature" cols="72">
Dana McPeek

As always, see the website calendar for much more information on these and other events. Get in those Healeys and drive!!!

California Healey Week for most everyone, is the beginning of our summer sports car season. Just a few items that need to be mentioned to insure that you have a pleasant, no hassle, thoroughly enjoyable CHW.

First off, When you check in at the CHW registration desk, please note that you will see "sign up" activities. On May 5th, a Cinco de Mayo dinner party at Senior Hogs, the Saturday car show at the Pine Knott Marina, and the "after the car show "cruise on the Sierra Bell. This is really a super cruise, you are permitted to bring your own food and booze aboard, and, get this, your pet, as long as it can stay in your lap. These folks are quite accommodating and the cruise would be a fun addition to our stay in Big Bear. Best part, Only $9.00 US for a 1 1/2 hour cruise.

After the cruise, Peter Roses will be leading a driving cruise around the lake, with a possible stop at Chad's Place, who knows. Finally, the Big Bear Chateau will allow pets, call the hotel for further info. That about sums it up for now, stay vertical and have a safe and enjoyable trip to the mountain.

Car Of The Year Award

In an effort to recognize club members who participate in events with their Healeys, the Club awards Car of the Year (COTY) points for various activities. The opportunity to collect points include any car related events (shows, drives, rallies etc.) sponsored by an official organization (other car clubs, auto museum, city chambers of commerce, charities) where you participate with your Healey. These events may or may not be listed in the newsletter. The participant is responsible for providing proof (entrance fee receipt, photo, corroboration from other club members, etc.) to the recorder, Gisela Putzke (putzkes@cox.net) within 30 days of the event (meetings, drives, etc.) AHCSD events will have a sign in sheet that will be forwarded to the recorder. For Multi-Healey families, be sure to indicate which car(s) you drove.

Points currently approved by the Board are: AHCSD meetings, 4-pts, AHCSD tech sessions, 4-pts, AHCSD driving events, 6-pts, Healeys on the Green, 16-points, Calif. Healey Week, 16-pts, Healey Rendezvous, 16-pts. Conclave, 16-pts, Rolling British Car Day, 10-pts, S.D. British Car Day 10-pts, non-AHCSD one day events, 2-pts, multi-day events, 4-pts, Points for other events listed in Healey Hearsay will be awarded on a case by case basis.

The total points leader at the end of the year will receive the coveted "Car of the Year" grille badge for display on their Healey for the following year. Additionally, all points received during the year by all members will be worth a discount towards the purchase of AHCSD regalia. Good luck, and get out there and drive those Healeys.
