## From The Editor:

I want to thank Udo & Gisela Putzke and David Coyote Crawford for your stories on this years Rendezvous at Nelson British Columbia. Healey Hearsay is the newsletter it is because members take the time to contribute and make it interesting.

*I received the following E-mail from Marqueart-* I came across your club web site while researching Healey cars and thought I would e-mail you to see if there was any interest in your club in hand made precision scale models of Healey cars.

At the present time we have 1:43 scale models of various versions of the Healey Elliott and the Healey Westland, with further models to follow.

We also have a range of other makes and models including a number of MG models. Our Index to Models page will show you a complete list.

If you wish to circulate details of these in a newsletter please feel free to copy photographs of the models from the web site [www.marqueart.com](http://www.marqueart.com) or come back to me if I can provide any further information.

I hope these models will be of interest.

Best wishes,

Chris Linnell

I am in the process of replacing the Robbins top on my BJ8. It seems that no matter how careful I have been when putting down the top, I have several cut marks in my top from the bows. I am thinking of modifying the bows. I am considering a fabric, rather than vinyl top and I plan to stay with Robbins. Are there any better ideas out there? If so, drop me a line. It would be greatly appreciated.

Regards,  
Warren

August 31, 2006

Now that was a fun month!

I've always liked August, and this was one of the best. My Sprite won a prize at National City Automobile Heritage Day car show (3rd place, foreign sports cars 1949-1979), Dana's Driving Club's nighttime run from Rancho Santa Fe was a hoot, "Snakes On A Plane" was pretty stupid, but Movie Nite was still fun, and the AHCA National Ice Cream Social last Sunday was great, too. It was really good to see so many of you out

and about in your Healeys, especially getting to meet some of our new members (the Copleys) and returning members (the Kleins). Let's keep it up! I'm really looking forward to Breakfast On The Bay. I haven't been to one of these – always thought it sounded like fun, but never managed to attend.

If you haven't already sent in your pre-registration for British Car Day, you'd better do it pretty soon –the deadline is the 12th. It'll cost an extra \$5 if you wait to register at the show. We may be gathering a few members at Mike Williams' place on the 23rd to make a few signs for British Car Day, if needed.

Reminder – We have the election of our 2007 officers coming up in November, with nominations in October. We're going to have several vacancies to fill, so if you think you might be interested in helping to keep your club going, contact the Nominating Committee (V.P. Sandy Leon).

Hope to see y'all at our meeting on the 13th, Breakfast on the Bay followed by Dana's Driving Club on the 17th, and British Car Day on October 1st.

TTFN,

Rick

## Activities by Dana McPeck

The weather has been more comfortable and there are more opportunities to get out there and drive. If your car is running, and you haven't been on the road, you have been missing out!

The last Dana Drive was great fun. An evening drive through the winding roads of Rancho Santa Fe was great fun. Lead by Scott Tisdale (GT6), we had invited the Triumph club to join us and we had a good turnout. Mike Williams rode with me, Rick Snover, and club newdrivers were Sandy Leon (sprites), Barb & Bob Humphries (Jensen Healey), Kevin & Vicki Schulte (TR6). Sandy had to drop out early due to a carb problem. Terry Cowan joined us at diner after the drive, so, we did the drive again.

The MG club sponsored the Ice Cream and Movie night. We had our times mixed up, so I was the only one to make the roll from Fosters Freeze to the Santee Drive In, but several AH clubbers showed up to be creaped out by Snakes on a Plane. A fun night. We should do it again.

Carlsbad ColdStone found a lot of British cars out front last weekend. Nine cars showed up and received a lot of attention, (including a guy with a new tattoo of a TR6 on his forearm. Mike liked it so much he has scheduled to get his done next week). Afterward we had a nice slow drive to Lake Wolford, only to backtrack to Valley Center for dinner because the first place was closed. Mike wiped the cobwebs off his TR6 so we had a great drive home after dinner.

I went into a lot of detail here to let everyone know that there is a lot more to having antique cars than changing the air in the tires or taking 6 hours to rebuild a \$9 part. The cars were designed and built to drive. Let's get out there and DRIVE!

The next event is the Breakfast on the Bay, September 17th at Crowne Point in Mission Bay at 8:00 AM. (\$5 per person donation for the vittles). Afterwards -- about 10:00 -- we will be doing the monthly Dana Drive north along the coast toward Oceanside. This will be a slow drive (in traffic) so you have no excuse for not joining us! Come on! Cass is cooking us breakfast! More details are to follow.

## Austin-Healey Rendezvous 2006 in Nelson, B.C.

*By Udo & Gisela Putzke*

It was hot when we left San Diego, CA to participate in this year's Rendezvous 2006; the big Austin Healey meet of the Western Region. We like to point out, that we didn't drive our BT7...hats off to all who did!

After three days on the road with a couple stops in Salt Lake City and then on the Clark Canyon Dam in Montana, we arrived in Nelson, BC and it was still hot. The host hotel, The Prestige Inn, lies directly on the shores of West Kootenay Lake and was the perfect setting for an Austin Healey Meet. By the time we pulled in, many cars from British Columbia, Washington, Oregon and many other places had already arrived. Some drove their cars from far away places like Ontario, Canada or San Diego, CA (like David "Coyote" Crawford). We got to see many old friends and made a whole bunch of new ones. Despite the heat, as many as 100 Austin Healeys, big and small, gathered in Nelson, BC.

*Udo is directing traffic with very authoritative gloves.*

Tuesday's "Popular Choice" car show started with a light drizzle, but turned out to be as nice as the day before. Some 80 cars were perfectly placed on a lawn overlooking the lake. All classes were presented by a number of nice looking Healeys. As usual, it was very hard to pick a certain car to be the winner. A delicious lunch was served at the car show location and the awards were handed out shortly thereafter. Udo & Gisela took 3rd place in the BT7 – BN7 MKII tri-carb class.

*Popular choice car show at lake side.*

Wednesday was reserved for the driving events. You could choose from one of two tours. The first was a 35 mile-long scenic drive and ferry ride. We choose to take the longer tour, which took us on a beautiful 140 mile loop around the Kokanee Glacier, B.C.

Thursday's highlight was the auction. Many Austin-Healey related items were up for bid. Australia's Peter Green, was the auctioneer, but before the bidding got started, some additional awards were presented: "Best of Show" (chosen from all of the 1st place winners from Tuesday's "Popular Choice" show) went to Lorry Day's recently restored Bug eye Sprite. The Gerry Cooker Award went to Mr. Pedder-son for his 100-4 race Healey. A special award went to Tom ??? for his 100-6 with solid wheels.

Thank you Austin Healey Owner's Association of British Columbia for another fine Rendezvous. We look forward to seeing you all again next year!

## Nelson

by David Coyote Crawford

Boy, those British Columbia Healey folks sure know how to throw a swell shin-dig. By now most of you have heard that getting to Nelson was a rather warm drive no matter where you came from. Warm? How about hot? "How hot was it?" asks Johnny. Reid Trummel's passenger area was filled with empty water bottles - and he told me he'd cleaned out as many on the way to the event. It was in the high 90s on check-in day. Huge white cumulus clouds piling above conifer-forested mountains threatened thunderstorms but the weather remained mostly dry.

Seemed strange to me that no one was complaining about overheating. I thought that hot topic would have topped the list of attendee's problems, so I questioned a few people

*A line of Healey's...waiting for the streetcar?*

about their trip to Nelson

Tracy Drummond said his drive was beautiful but uneventful - no overheating. John Trifari agreed. Can you tell by their smiles? They drove up from the Bay Area of California. Carol and Charlie Hart's drive up from Carpenteria California went smoothly too, though Charlie said he could have cooked a burger on the bonnet every day. Udo and Gisela Putzke trucked their Healey to Nelson from San Diego with-

*The Crawford's '54 100 BN1 on the California coast.*

out incident, and without adding a mile to the odometer.

I spotted David Koch sitting on a curb next to his '56 white on black 100M, its bonnet up, a Rochester barn find in '95. Surrounded by tools, David was modifying an after-market water pump so it would fit.

"The car didn't overheat," Janet Koch explained, taking me aside. "I noticed a puddle of water under the car on one of our fuel stops." They'd driven to Nelson from Guelph, Ontario, a trip of some 2,600 miles. "Don't bother David," she said. "He gets grouchy when he's working and things aren't going smoothly."

Things weren't going smoothly. I didn't bother David. I asked Janet about their trip and about who was behind their love of old British cars.

"I'm as much into these cars as David is. Actually, I learned to drive in a '56 MGA when we were first married. That did it for me." A Cessna taking off at that moment from the nearby field buzzed overhead. Janet looked up, and went on to tell me that she'd been a pilot too. What an amazing lady. David, not too happy at the moment, was still prisoner of the water pump chore.

"We've been married fifty-one years," Janet continued, eying her husband. "I know him pretty well. He's going to make that pump fit."

Everyone knows that one can't raise the bonnet of an Austin Healey in the presence of other Healey owners without a crowd forming around the vehicle. They can't help themselves. David was getting lots of support, if not advice.

Janet just shook her head. "He knows what to do. It's nice that others want to help but David is going to finish this his way."

Two hours later, and after replacing a stripped bolt, he had the 100M purring like a cat. This 'fixing it' thing is part of what owning an old Healey is all about.

A short time later, and knowing that I wanted to write a piece about the people who came to Nelson, Bill Emerson suggested that I talk with Marion Brantley from St/ Petersburg, Florida. Members of the Tampa Bay AHC, Marion, and his wife Kay had flown in for the event.

Marion and I sat in the shade after he finished the morning concours judging and talked about his love affair with Healeys. "They weren't my first cars," Marion said. "My first car was a Ford - actually my first two cars were Fords. I was an American kid. I was young and joined the Navy. I got into the medics. I spent some time at Bethesda Naval Hospital, two years."

*Top center- Dave & Sandy Maxwell with their '56BN2.  
Above- Janet Kotch and their '56 100M.*

He went on about so many amazing experiences that I don't have the space here to share them all, but he told me his first Healey was a red on OEW BN4 that he purchased in Clinton, Mississippi. "I have two '61 BT7s and a BJ8. I bought one of those 'BT7s new and still have it. Maybe I'll restore it some day. I like the BJ8 - more creature comforts."

I asked how he had come to do concours judging. "Got roped into it by Gary Anderson at a conclave in Louisville - I think it was 1992. One thing led to another - and I'm still doing it. Kay arrived with a bottle of cold water. I got a photo of them before they got away. What a serendipity meeting."

A few hours later, Dave Maxwell and his wife sat next to me in the welcome shade of an overhead canopy. After introducing myself, I asked, "Where did you folks drive in from?"

"Sandy, Utah," Dave said. "My wife Sandy and I crossed the border into B.C. at Creston, CA. We were in a four-car caravan - Don and Marion Colman, Doug and Ann Lewis and Bob and Dixie Jahnke. Believe me, it was a hot 985 mile trip."

Dave and Sandy Maxwell drove their '56 BN2, a car they've had for twenty-three years. "I restored it nineteen years ago," he said. "I've been driving it ever since."

They showed me their sweet looking red Healey with a dash full of plaques. I got a few photos before they slipped away to attend the first evening get-together. Nice people. Another reason I like Austin Healeys. Another reason I enjoy these get-togethers.

People drive their Healeys thousands of miles to attend these meetings. I know. I drove my '54 BN1 over 2,000 to get there. Thanks, B.C. Healeys! This was a wonderful event. I hope the next get-together is organized as well as this one. The ol' coyote says, "Four paws up!"

### AHCSD Ice Cream Socials

BY Mike Williams

The San Diego Club decided to try something a little different this year...two ice cream socials. Saturday, we met at Niederfrank's in National City for some delicious, home made ice creams & sherbets. Sunday we met at Cold Stone Creamery in Carlsbad for more of the sweet stuff. Both days were perfect, top down, Southern California cruising weather and just hot enough for the smooth, cooling effects of the ice cream. Many of the group left Carlsbad together for a "seat of the pants" tour of the northeast county backcountry ending up for dinner (and more dessert?) in Valley Center. The weekend's attendees were; Bob & Barbara Humphreys, Gerry & Susan Kwiat, Warren Voth & Lana Livingston, Sharon Tanihara, Jim & Myrna Copley, Rick Snover, Dana McPeck, Mike Williams, Klaus & Ling Kind, Steve & Dee Klein, Udo & Gisela Putzke, Bob Kitterer & Jennie Kline, and Cass Cacciatore & Mona. I'm already looking forward to next year's event!

**Top-** Steve & Dee Klein, Bob Kitterer & Jennie Kline, Jim & Myrna Copley, Rick Snover, Sharon Tanahara, Dana Mc Peek, Gisela & Udo Putzke, Lana Livingston, Klaus Kind & Dr Ling Guo M.D. Ph.D. **Middle-** Klaus Kind & Dr Ling Gou's '66 BJ8 and Udo & Gisela Putzke's '61 BT7. **Below-** Lana Livingston, Udo & Gisela Putzke, Myrna & Jim Copley, Sharon Tanahara, Mona & Cass Caccitore and Warren Voth at Fat Ivor's for supper.

It's time for  
another "~~Healey~~"  
Weekend in  
CATALINA!

November 17 - 19

Due to popular demand (AGAIN!) and many requests for a repeat trip to Catalina,

I've lined up 20 rooms at the **Pavilion Lodge**, November 17-19.

It's a wonderful spot for fun, relaxation, good food, and great friends to share it all with!

Those who have joined us in the past know what a perfect get-away it is and how a long weekend there just refreshes the soul! The Pavilion Lodge is located in Avalon, right across the street from the water. For those new to Catalina, there's always plenty to do, take a walk on the pier, feast on local seafood and other delicacies at one of the many cafes or restaurants, stroll down to the casino and watch a sunset or a movie at the famous Casino, go fishing or hiking. Enjoy shopping, rent a golf cart for a terrific way to sightsee, take a voyage on the glass bottom boat or submarine, or check out one of the bus tours around Avalon or the Island's interior. Or do nothing! Sleep in, read a good book in the shade, share quiet time with friends... it's entirely up to you.

The details are:

Room Rates: \$136/per night (tax included) double occupancy (only \$9/per night higher than last year)

**Pavilion Lodge**

The hotel is 2-story, was recently refurbished, all rooms look onto a center courtyard and all rooms are now NO-SMOKING.

Since I could only block 20 rooms, it's imperative that you call and reserve NOW.

The next San Diego Conclave '08 Meeting will be Wednesday, September 27, 6:30 P.M. at the Spice House Cafe in Kearny Mesa (9035 Clairemont Mesa Blvd., San Diego, CA 92123). Please plan on joining us, especially if you haven't yet gotten involved on a committee. Lots of help is needed and, like the Marines at Camp Pendleton, we're always looking for "a few good men" (and women).

Please don't hesitate to contact me if you have any questions, suggestions, or earth shaking ideas! Hope to see you all there.
