From The Editor:

Another year is almost over. I am writing my column on Thanksgiving morning and thinking of all the things I have to be thankful for. They are many!

My son Derek's mother in law returned last Friday from two years in South Africa with the Peace Corps. She was made an honorary member of the Tume Tribe, whose homeland is located about two hundred miles out of Cape Town. With a doctorate in biology, her job was to teach general health and sanitation to the tribal members.

I asked her if she thought she had made a difference. She said she hoped so, but there was no one to take up where she left off and little incentive for them to continue what she taught. Much of what she tried to do had to be approved by the local shaman and that's not easy. She said she was tired of being where everything is either locked or wrapped in raiser wire, where the oldest member of a family may be only nine years old. Aids and grinding poverty are an accepted way of life. When she complained to authorities about conditions, she got a shrug and "what do you expect us to do." She added, even after the end of apartheid, much of the country she saw is in ruins due to white flight. Frances affirmed she was most thankful to be back in America this Thanksgiving, with her family.

In contrast, the Voth Tribe celebrated Thanksgiving and Frances homecoming, along with her family with a fabulous brunch at the Hotel Del Coronado. So what's the point of this? For me it's the gift of family and friends living in a great country, and maybe the luck of the draw.

So...Merry Christmas, Happy Chanukah, Happy Holidays, or Seasons Greetings.

Warren

November 22, 2006

Hi All,

Another year is just about over, and I won't be your President much longer. The election at the November meeting brought us the return of past President, Terry Cowan. I'll be moving back to the Vice Presidency. Susan Virden-Kwiat will be staying on as Secretary, and will be assuming the duties of Treasurer as well. Dana McPeck will chair the Activities Committee again, too. Sadly, nobody wanted to edit the newsletter, so I'll also be doing that on an interim basis and we'll keep looking for a new, permanent Editor.

Mike Williams reported from the AHCA Delegates Meeting that the proposed dues increase was voted down, so you should have received your membership renewal forms in the mail soon. Please send them back, with your dues, right away so Sandy can get all the bookkeeping squared away before I resume that job in February.

Plans for the Christmas Party appear to be coming together nicely. We don't want to run short of food and door prizes, so we need to know how many are coming in time to do the shopping, so don't forget to send in your reservations for the Christmas Party by the 10th.

I think that's about all for now. I hope to see a lot of you at the Christmas Party.

TTFN,
Rick Snover, Lame-Duck President

November Minutes

A Basket Case BN6 Becomes A Ten Year Restoration

By John Close

My Healey saga began with the purchase of a basket case BN6, an error which, of course, I compounded by throwing more money, time and labor into a 10-year restoration. I wouldn't do it that way again, but I learned a lot along the way. I got lots of help from the club, especially from Dick Schmidt, the Luckies, Warren Voth, Randy Zoller and Terry Cowan. My original goal was to make a vintage racer, but, as I continued to throw resources into my Healey, that started to sound like a bad idea (for me). The tipping point was reached when I started pricing fuel cells and found out they had to be replaced periodically. The project took just long enough so that I became older and more cautious - and too attached to my BN6 to risk smashing it up on a race track.

Because it started out to be a racer, my BN6 has an unusual combination of features. It has a 3-litre engine with an Elgin cam, Kirk headers, dual HD8 carburetors, a DMD inlet manifold, an oil cooler and Crane ignition. It has front disc brakes and a booster, heavy-duty front and rear anti-roll bars and Bilstein shocks. For nice freeway cruising, it has a 3.55 rear end and overdrive. It's fast and reliable, and I drive it at least once a week.

Black cockpit interior has gray seats with matching green piping. Note over-drive switch in gear-shift lever.

Dana's Drive To Jacumba And The Desert Tower

It was a beautiful Saturday morning! Sunny with a touch of chill in the air. A perfect day for a top down drive through San Diego's normally hot south-east county.

Unfortunately, most all of the AHCS D missed it! Lou Galper and his lady made it for the first leg and Rick made it in his Mustang due to a tire malfunction on the

sprite. But THREE Jensen Healeys made it for the entire drive! Sam and Denise Thoman came all the way from Long Beach that morning to celebrate his 62nd Birthday - Congratulations again, Sam! Joel Lirot brought his lady, Kate and his 74 JH.

Starting in El Cajon, we had lunch at the Dulzura Cafe. Lou returned to another engagement, while the rest of the intrepid souls charged eastward. After a break at the Desert Tower beyond Jacumba, we all ran past Mt. Laguna arriving for dinner in Julian at dusk. The food and company was great and the drive home was... brisk, to say the least.

A great time was had by all on this last Monthly AHCS D "Dana" Drive. Not just for 2006, but for good, since there is no interest from the club. Thanks to all who made one or more of the drives. They were fun while they lasted!

Dana

MOTRAH 007

Morgan, Triumph, Austin Healey Challenge 2007

Mark your calendars! Sportscar Vintage Racing Association has just announced that it will feature Morgan, Triumph, and Austin Healey (MOTRAH) vintage race cars in an all out feature race challenge on the weekend of May 17-20 2007! We thought we would shake (not just stir) things up a bit in the interest of great vintage racing. Therefore, Morgans, Triumphs, and Austin Healeys will not be battling just one marque on the track as in a typical challenge but two! Details of this event are still being developed by HQ but of course we will have a lot of fun with the 007 theme. We will be picking our choice for the next 007 car and driver out of the MOTRAH participants, and who knows, maybe even the next Bond girl. In addition to the great race activities being planned, we have not forgotten about the street car clubs wishing to attend this event. MOTRAH clubs could use the beautiful drive to Road America as your club's spring drive and once you get there we are working hard on many details for a MOTRAH Car Show, Rally, and even a Gymkhana. Also, don't forget about the street car track touring as SVRA will be issuing a complementary touring discount to all MOTRAH cars. Ok participants, this early announcement of MOTRAH 007 will give you plenty of time to get those missile launchers, wheel hub slicers, and ejection seats installed in your MOTRAH of choice (No oil slick generating devices please).

For more info contact: (Morgan) Bob Wilson aka Kermit at Kerm1@aol.com, (Triumph) Joe Alexander at N197TR4@cs.com, (Austin Healey) Jeff Johnk at jeffj@centuryrefining.com, or stay tuned to SVRA's website at www.svra.com.
See you all at MOTRAH 007!

Austin Healey 3000 MK III 1964

Chassis No: H/BJ8 27966

Engine No: 29K96493/HCOD

This car has been painstakingly built to Works Rally Specification. Not only is this an expertly up rated machine but it has its own place in Healeystory. Purchased in 1966 by Peter Smith and registered PS 211 it was campaigned by the owner, on the 1969 Tulip rally. It is believed That Smith purchased the car in modified, unregistered form though in his ownership it is likely that further development took place.

Because of the very thin bodywork, the works chassis and the aluminium cylinder head the weight of the car has decreased by 120 kg. A original works engine with 210 bhp. makes it a very powerful car.

It has the original works colours: red with a white hard top and the car stands on period correct Minilites. The many

modifications and the almost complete inventarisation of original competition parts such as the adjustable shock absorbers, side exit exhaust and the interior in the style of the Works Healeys, make this car very special and unique.

In 1970 a Mr Price purchased the car with many competition spares and re-registered it (SEU 63D) before taking it off the road in 1973. The MoT certificates with the car indicate it has covered only 20,500 miles when I bought this Healey in 1996 and registered the car in Holland with the plates: DM-65-74.

As far as known, this is the only Healey in Holland with such an original rally specification. During my ownership there came a few changes like an alternator witch is according Dutch Fifa-rules. Also the brake- and steering system is separated for safety reason.

AHCA Delegates Meeting

AHCA Delegates Meeting continued from pg. 5

Conclave, Chuck Anderson - Club Insurance
New Officers & Committee Chairs: Carl Brown - President,
Jim Frakes - V.P. Conclave, Fred Dabney - Club Insurance

All club delegates in attendance gave their annual club reports on club size, account balances, best activities & social events for 2006. AHCA membership is currently 3605 and the '07 membership renewals are going out Thanksgiving week. Bill Ebersole, Chair of the '06 Ohio Conclave submitted final reports...the Conclave was a success! 186 registrants (maybe due to sub-par weather), \$2800 profit from regalia sales, and \$4883 in profit from the event, to be split with AHCA. After some discussion about the geographic location in regards to the '08 Conclave in San Diego, and the progress of the planning for the '09 Conclave, which was slated for Taos, New Mexico, the delegates voted to postpone Taos and instead accept a bid from the Southern Ontario Club to host in '09. Fred Dabney gave an hour presentation with Q&A regarding the club insurance and how it should be utilized and which events should be reported to AHCA. Fred advised all Conclave host clubs to form a corporation to limit liability.

Several other issues were discussed and voted on as follows: MMSP to increase "Healey Marque" magazine from 36 to 40 pages; MMSP to start using online credit card and PayPal for membership renewal; MMSF to start poly-bagging "Healey Marque" in '07 (will investigate ways of off-setting costs through advertising); MMSP to not increase membership dues for '07; MMSP to accept '07 "deficit" budget.

Saturday evening auction raised \$1182 to help off-set the cost of the delegates meeting. Next delegates meeting to be held at the '07 Conclave in Burlington, VT.

CAR OF THE YEAR AWARD

an effort to recognize club members who participate in events with their Healeys, the Club awards Car of the Year (COTY) points for various activities. The opportunity to collect points include any car related events (shows, drives, rallies etc.) sponsored by an official organization (other car clubs, auto museum, city chambers of commerce, charities) where you participate with your Healey. These events may or may not be listed in the newsletter. The participant is responsible for providing proof (entrance fee receipt, photo, corroboration from other club members, etc.) to the recorder, Gisela Putzke (putzkes@cox.net) within 30 days of the event (meetings, drives, etc.) AHCSO events will have a sign in sheet

that will be forwarded to the recorder. For Multi-Healey families, be sure to indicate which car(s) you drove.

Points currently approved by the Board are: AHCSO meetings, 4-pts, AHCSO tech sessions, 4-pts, AHCSO driving events, 6-pts, Healeys on the Green, 16-points, Calif. Healey Week, 16-pts, Healey Rendezvous, 16-pts. Conclave, 16-pts, Rolling British Car Day, 10-pts, S.D. British Car Day 10-pts, non-AHCSO one day events, 2-pts, multi-day events, 4-pts, Points for other events listed in Healey Hearsay will be awarded on a case by case basis.

The total points leader at the end of the year will receive the coveted "Car of the Year" grille badge for display on their Healey for the following year. Additionally, all points received during the year by all members will be worth a discount towards the purchase of AHCSO regalia. Good luck, and get out there and drive those Healeys.
