FROM THE EDITOR

4/30/07, 8:30am

Hey there,

Please take a look at Mike's **Conclave 2008 Update** [page 7]. Everybody please consider pre-registering to help raise the seed money we need for pre-event expenses.

Well, I missed **Rolling British Car Day** this year. As soaked as I got last year, when I saw the forecast I just couldn't get motivated to do it again. Sounds like everybody had a good time though. Thanks, Dana, for the write-up [page 8], and to everybody who sent photos.

Thanks also to Lou for his article on the AHA's **BN1 Cylinder Head** tech session [page 10]. I hope we get as good a write-up on the Schermerhorns' "Sift & Sort" session last Saturday for next month's issue. I *know* I saw at least a couple cameras in use.

We're gearing-up this week for the VARA/Moss British Extravaganza at Buttonwillow this weekend. New AHCSO member Dewey DeButts and I will both be racing our Sprites, and there are usually several of our northern members in the car show. Hope to some of y'all there.

Less than two weeks after that is California Healey Week in Ventura. We had a great time at the Pierpont Inn last time, and this year's schedule looks like even more fun. Hope to see a lot of you there as well.

TTFN,
Rick

FROM THE PRESIDENT

April 30, 2007

Howdy everybody,

Time for May flowers?? More like break out the weed whacker for me. Well, we had a great time at the Olympic Center and Barrett Junction big **Hand & Thanks** to Susan for all the organization and time donated making sure that went well!! That sounds like something to repeat in the future!!

The tech session at John & Mary's went well, thanks to all who attended, I think we have a better idea what is needed next to help get their project on the road again, I will be going over and help them formulate a next step plan before the next tech session. Also thanks to Mary & all those who brought food it was a great **fix "n" feast!!**

In other news the British Car Club Council had it's first meeting of the year to discuss how to proceed with British Car Day or not. As you may or may not be aware last year's BCD almost didn't come off, because of a sudden need for a permit and insurance to cover the event, the first time in 27 years. In order for this year's BCD to happen the BCCC is going to have to incorporate, elect officers, etc, etc... This is currently in progress, we also discussed trying to get back to a much simpler BCD like the old days, and make it a lot easier to run and less costly as well. I will keep you posted on any breaking news.

Our May 9th meeting will be held at Flavor Thai on Convoy St in Kearny Mesa

Ok, that's all for now. Got to go get ready for Buttonwillow / British Extravaganza racing this weekend. Hope you all can make it, its great fun!!!

Until Then, Happy Healeying

Cheers,
Terry

WHAT'S NEW?

Bringing Folks Up To Date

By David Coyote

Dave Grundies' Healey, trucked back from Yuma, is on the road after Randy Zoller's talented fingers performed magic on its tortured transmission. Had the car been driven even a few miles further, the transmission would-have been history. If you think something's wrong with the mechanicals, it probably is. Trust your senses. Don't press your luck. As Shakespeare said, "All's well that ends well."

Bob McAllister (BJ8) currently has car undergoing minor repairs, new chrome wires and tires waiting to be tried out. Keep me informed, Bob.

Advertiser **Eric Grunden** of Absolutely British moved his shop to Santa Maria. Delays in opening the new shop had him turning away customers for several months. He's now open for business.

Crystal Cove, a Saturday tradition, has moved to the landscaped parking facility of Ford's **Advanced Design Studio** at 7905 Gateway Blvd, Irvine. When? Every Saturday 7am –9am. There are 400 spaces for exhibit and ample spectator parking. The tradition attracts car enthusiasts and their collector cars from a large area of Orange and LA counties. If it remains as popular as Crystal Cove, it's worth a visit.

Thanks to some long hard work by Gerry, and some more work by Randy Zoller, **Gerry Kwiat's** car is finally up and running! Gerry has done major brake overhaul (with Susan "helping" to bleed the brakes) and engine tune up, with Randy replacing the rocker arm shaft, adjusting valves, inspecting various parts and systems for future repair, etc. The seats have been newly upholstered and the carpet bought and currently in the stages of being replaced. Hopefully can go to some events/meeting soon, when the seats get put back after carpets are down.
[Contributed by Susan Virden-Kwiat. Ed.]

The **Coyote's '54 OEW** is back on the road and moves right along, thanks once again to the doctor of British cars, Randy Zoller. The engine looks stock – almost. Almost is good enough for a coyote. Anyone wanna take a ride?

Hello fellow AHCS D members,

I'm sure that you are all aware by now, that our club is hosting next summer's Conclave event here in beautiful San Diego, CA from June 29 – July 4, 2008. Many of you are already involved in the planning and many more of you will be needed to volunteer for the running of this weeklong event.

As we move along with the planning stages, not only is our time needed, but our \$\$\$\$ as well. We are starting to pay for items such as deposits on the various venues, regalia, and promotion, and we won't be receiving any registration dollars from the participants until later this year.

Therefore, we are asking that our club members help out by “pre-registering” for next summer's Conclave now! We would like all those that are planning on attending (and that should be everyone in the club), to send in a pre-registration fee of \$200.

The \$200 is to be used as “seed money” until we start receiving actual registrations from next year's attendees. Your \$200 will be applied to your actual registration costs, and for San Diego club members is fully refundable should you not be able to attend Conclave '08. Here's what it covers (and is somewhat typical of most major Healey events):

\$129 Registration, includes one vehicle, 2 adults, and many events such as the Welcome Party, Car Show, Rallye, Gymkhana, Funkhana, Tech Sessions, Raffle, and meeting the Honored Guests. You will get a registration bag with all the usual goodies and various other benefits throughout the week.

Additional costs typically include Hotel room at \$129/night + tax, \$12/day parking at the hotel, Regalia, a fee for the Gymkhana, optional group meals like the Award Banquet and maybe a BBQ/Seafood Buffet, English Tea, Concours Judging, etc.

Our club website has all the up-to-date details including schedules, honored guests, planning meeting times & locations, etc.

Please help out by sending your \$200 pre-registration in today. Make checks payable to "CONCLAVE 2008" and mail to:

AHCS D – Conclave 2008
P.O. Box 17101
San Diego, CA 92117

I appreciate your support of your club and of Conclave 2008. If you have any questions, please don't hesitate to contact me.

Sincerely,
Mike Williams, Conclave 2008 Chair

S.D. ROLLING BRITISH CAR DAY**An Annual Migration**

By Dana McPeck, photos by George McHarris, Dave "Coyote" Crawford, Scott Tisdale & Lou Galper

Every year a migration occurs. Somewhere in San Diego is the calling point for hundreds of cars, all designed and built halfway around the world, some more than 70 years ago. They come with their proud owners, to bask in the attention and glory of their rarity and beauty.

Last weekend the 12th Annual Rolling British Car Day called these cars from far and wide to meet in Del Mar. MGs, Tigers, Jags, Triumphs, Rolls, Healeys... more than 175 in all. Buffed, shiny, purring and roaring, all came to see and be seen.

Once again, Steve Kirby and his friends put on a great show. Their well-organized drive sent hundreds of cars towards Julian via several route variations, including lots of loop-arounds for us to enable viewing the other cars, with lots of waving and honking. This is a very nice touch that I intend to incorporate into future drives for our club. Past the Wild Animal Park, to Ramona, and ending at the Mengheni Winery, off Wynola Rd. A great drive and fun for all that made the trek.

S.D. ROLLING BRITISH CAR DAY

Once there and parked, we were to spend time tasting (and buying) wines, ogling each other's rides, and enjoying a picnic lunch on a beautiful spring afternoon. I didn't see many enjoying those picnic lunches, maybe because we couldn't see far through the occasional sleet showers. The temperature was somewhere in the 40s and the wind gusts made it a balmy 30 or so. Perfect for top down driving. For some illogical reason, the picnic broke up early and most headed for lower altitudes and a few fleeting rays of sunshine.

It's too bad that this large migration occurs only once per year. There should be at least two every year.

BN1 CYLINDER HEAD REPLACEMENT**Austin Healey Association Tech Session***By Lou Galper*

I was at a tech session in Irvine last Saturday (April 21) for the AH Assoc.

They were putting a BN1 head back on. Mike Newsome, the car's owner had everything ready to put back on the engine – refurb'd head and rocker shaft, etc. Mike recently bought the gunmetal BN1 on EBay sight unseen. He started having head-related problems soon after taking delivery.

When I got there (at noon), George McHarris, AH Association tech wizard, had just torqued the Head and was starting to put the pushrods in. Lunch break then started with Tri-tip sandwiches, assorted drinks, chips, veggies and brownies for desert. Then we continued:

But wait – three of the pushrods couldn't be put in place properly. Three lifters had pulled out of their holes when the pushrods had been removed, and were probably lying on their sides. Flashlights shining down thru the head didn't help. Despite their protests, I told them the bad news I learned firsthand earlier this week on my BN1. To get the side cover off, the left motor mount has to be removed – basically another tech session.

The motor mount prevents the removal of a couple of the side cover bolts (out of 15 total). The motor mount is held in place by 8 bolts, mostly Whitworth, going in all directions, not easy to remove. Access is tight, some from the top, some from the bottom, two from someone on the top and bottom. What makes it more difficult is that most of us have a limited number of Whitworth sockets. In this case, we had available to us the correct socket, but it was ½ inch drive, making for a bigger socket in the cramped space.

BN1 CYLINDER HEAD

To continue, four of the bolts go into captive nuts, but two of the captive nuts were gone, so someone had put a thru bolt into the chassis with a hard-to-get-to loose nut on the other side. The tach drive housing also impedes

access to two of the cover bolts, so the two tach drive housing hold-down bolts have to be removed, then the housing is rotated to get to the two side cover bolts. A funny side note is that the tach drive housing cannot be removed with the side cover in place, even after the two housing bolts are removed, creating a frustrating sequence problem for the mechanic who does it wrong. Of course the engine has to be supported when the mount is pulled out.

The good news is that Mike gets to inspect the lifters, clean up the side of the engine, repaint the motor mount and side cover, replace the rubber portions of the mount, and seal the side cover, which was leaking.

Finally at 3pm, we got to the lifters and set them in position. They were so close to driving the car that day...

My BN1 head gets put on in a couple of weeks.

CAR OF THE YEAR AWARD

In an effort to recognize Club members who participate with their Healeys, the AUSTIN HEALEY CLUB OF SAN DIEGO awards CAR OF THE YEAR (COTY) points for various activities. Opportunities to

collect COTY points include any car-related events (shows, drives, rallies etc.) sponsored by an official organization (other car clubs, auto museum, city chambers of commerce, charities) where you participate with your Healey. These

events may or may not be listed in the newsletter. The participant is responsible for providing proof of participation (entrance fee receipt, photo, corroboration from other club members, etc.) to the COTY recorder, Gisela Putzke (858-486-3870 or putzkes@cox.net), within 30 days after the event. AHCSO events will have a sign-in sheet that will be forwarded to the recorder. For multi-Healey families, be sure to indicate which car(s) you drove.

COTY points currently approved by the Board are:

AHCSO Meetings & Tech Sessions.....	4 pts
AHCSO Driving Events, Parties, etc.....	6 pts
California Healey Week	16 pts
Healey Rendezvous	16 pts
Austin Healey Conclave	16 pts
S.D. British Car Day & Rolling B.C.D.	10 pts
Other non-AHCSO one-day events	2 pts
Other non-AHCSO multi-day events	4 pts

The Board on a case-by-case basis may award points for other events.

Other non-Healey British-built cars earn half points, but are not eligible to win the award. All points received during the year by all members will be worth a discount towards the purchase of AHCSO regalia during the subsequent year. The total points leader at the end of the year will receive the coveted CAR OF THE YEAR badge for display on their Healey for the following year.
