From The Editor:

Another Healey Hearsay year is about to begin and here I am...again. And I promised myself '06 would be my last...as editor that is. I hope being editor this year is not part of my "bucket list." I've got to see the that movie! I'm trying to think if this is my 9th 10th, or maybe even 11th year. Whatever year it is, it should go smoothly with my new 24-inch iMac, scanner, Microsoft Office and Verison Broadband connection. Lets wait and see.

From time to time I may be including gear head type articles, as space permits, that are not totally focused on Healey's. I hope you will not find these too far out of the Healey road ruts.

I did the Dana's Driving Club graphic for Dana McPeck

after he started his well known (or infamous if you were trying to keep up) club drives several years ago. The graphic reflected his "drive to drive", hence the obvious speed lines and red the color of his Jensen. Little did I know it would be part of his club obituary. I went on a few drives with Dana and he certainly enjoyed them. Dana had a PC repair business called **Computer Solutions**. We argued about Mac's vs PC's much too much. Looking back on this, I'm trying to figure out why? I would like to say either one of us made much sense, even at the time. However, I do wish he could have seen my new 24-inch iMac. And I heard through the grapevine that Dana let his daughter purchase a Mac for school work. Gotcha Dana. I shall miss you.

Regards,
Warren

President's February Message

Hey there Healeyites,

We've started our year off with a bang, with a great run to Julian to celebrate Dana, even if we had a couple of wrong turns. Don't forget the Super bowl party at Bob Kitterer's on the 3rd.

After that it's time to knuckle down and get those Healey's back together. It's less than 6 months to go to Conclave and we all have to turn & burn!!

We will also need to get more help with committees & such to run this event. Hope to see all of you at the next meeting at Filippi's. Until then keep the tires side down.

Cheers,
Terry The Pres.

Conclave Planning Update

CONCLAVE PLANNING MEETING: The next Conclave Planning Meeting of 2008 will be held at the San Diego Yacht Club, Spinnaker Room, 1011 Anchorage Ln in Point Loma (TG 1288-B3)

If you are a Committee Chair or wish to get involved as a "general help" volunteer (we can sure use you), please plan on attending. In the next couple of months, we will be holding several "weekend work parties" to prepare and construct various items needed for Conclave. For example, signs for the car show and other events need to be made, ballot books need to be constructed, registration packets need to be stuffed, and various other things. Please step-up and help out your club with Conclave. We can't make this a successful event without you, the AHCSO members. Give me a call and let me know where you'd like to help out.

Please make a note on your calendar...I am scheduling Conclave planning meetings every three weeks now until the big event is here. Due to the fact that it's early in the month and possibly before the March newsletter will be out, I want to announce that the March planning meeting will be on Saturday the 1st.

As always, Registration & Regalia forms are available online at: HYPERLINK "<http://www.austinhealeyconclave.com>" www.austinhealeyconclave.com.

See you at the next planning meeting!

WHAT'S COMING UP

By Rick Snover, Activities Committee Chairman

This year's Super Bowl Party & Men's Chili Cook-Off is on February 3rd at Bob Kitterer's new home in Fallbrook. Kick-off is scheduled for 3:18pm, and we'll be awarding the cook-off prizes at halftime, so your chili must be available for tasting by the end of the first quarter to be eligible. Bob says it might be a good idea for folks to bring along a folding chair or two, too. We think we've got the rest of the bases covered.

For our February 13th Meeting, we've reserved the far back section of Filippi's. Separate checks will be available on request... an 18% gratuity will be automatically included.

March 1st EAA Lunch & Drive: We'll gather at Terry Cowan's house (4028 Bardaquera Place in Bonita, TG 1310-F2, see page 7 of your December Healey Hearsay for directions), leaving at 11am to caravan to meet our guide, AHCSD & EAA member Gale Hess, at the entrance to Brown Field, left off Hwy 905/Otay Mesa Rd at the first stop light after Heritage Rd (TG 1351-D2), about 11:25. – The EAA President is setting aside an area on the flight line for our Healeys – Lunch is from 11:30am - 12:30pm, by Experimental Aircraft Association Chapter 14 at Hangar 1, near the FAA Tower at Brown Field, \$3/person. – We'll go for a drive, probably to the East and then North, after we've had lunch and spent some time ogling the cool flying machines. (I doubt they'll let us kick any tires!)

With the rain we've been getting this winter, we're going to try another **Anza-Borrego Desert Wildflowers Run later in March.** We'll be checking the state park's wildflowers hotline, so we can schedule our run to catch the flowers at their peak. Stay tuned for details.

13th Annual S.D. Rolling British Car Day, April 13th: The tour ends at the SD Automotive Museum, and they're setting aside an area of the parking lot to display two "special" cars from each member club. If you'd like to volunteer your Healey to be displayed for the day, instead of driving it on the tour, contact our SDBCCC rep, Terry Cowan.

FEBRUARY 2008

A Promise to Dana I Didn't Have to Keep

"Go ahead," I said, "I'll follow."

The low red roadster sped off, leaving the air filled with the sounds of a well-tuned Jensen Healey winding through its gears. I was close behind and pulled down into second at 4,000 RPM and felt tires bite asphalt. Now, music to my ears came from my BN1, its hungry roar twisted in the wind as we drove country roads, shifting quick, punching the gas, going as fast as our guts let us take narrow curves. Well into the mountains, I saw him standing next to his ride, palms upturned and shaking his head. He always looked too large for the car. I did a fast U and pulled off the road.

"Ran out of gas," he said. "I looked at the gage as we drove through town. 'Get gas', I said, and then drove on." He climbed into my car, a one gallon can in hand. I wasn't sure he could fit. It took a bit of cussing and squeezing here and there but he said, "Okay, let's go. I aught-a have my brain examined. What was I thinking? Not much."

Ten miles later he filled the can and we followed our route back to his car.

"Thank you," he said. "This may be the last time I drive this road." He poured the gas; I took a leak under an old gnarled oak. "Don't drown the gophers, old man," he said, gave me a wink, adding his name to the critter tunneled soil. "Let's get us something to eat or drink when we get to Julian."

We sat across a small table from each other at Margarita's. He ordered a diet Pepsi and a taco.

"Shouldn't eat these damn things," he said.

I said, "They're not going to kill you," as the waiter took our orders.

"Well," he said, "I'm damn near dead so I'm not going to worry . . . and if I total my car, get a back-hoe and bury me in it."

We didn't talk much while we ate, but when he finished his plate he said, "Listen, don't let them put me in some hospital and hook me up to a bunch of machines and tubes. Promise me you'll stuff a pillow over my head, I'd rather be dead."

I promised.

He said, "If you don't, I haunt you guys until you'll wish you did!"

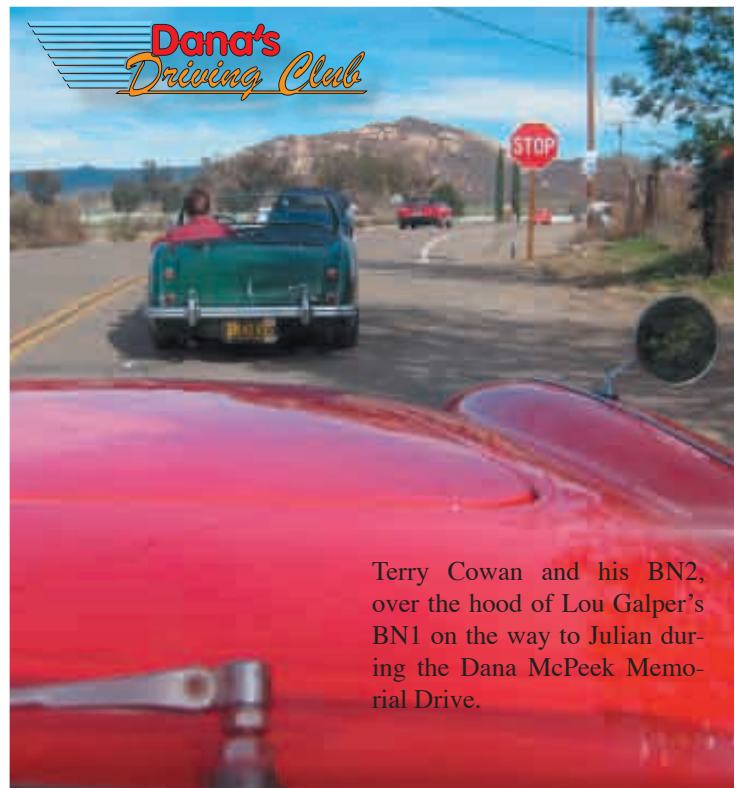

It was the last time we took that drive, but I'll drive it every year until what I said at the first of this scribble comes true. I'm lucky my promise was one I didn't have to keep.

Rick Snover's Tri-Carb restoration project is progressing steadily at Toy Shop Restorations. At last report, the suspension was assembled and ready to install. Sadly, Rick's Sprite lost its clutch on the way to work the other morning, and is now back in the shop, too. Rick says, "So much for making another run at the CotY award this year!"

Mike Dolphin is looking for a Healey daily driver. Doesn't have to be in great shape as long as the brakes, transmission and engine work. Mike can work on the car in his spare time. Contact Mike if you have a lead.

The Dana McPeck Memorial Drive To Julian

The drive left Bilstein on Stowe Drive at 12:30 sharp and headed for Julian. The weather was perfect and there was a nice showing of Healey's. I think Dana would've approved the turnout. I can hear him saying, "Why did you wait so long? Don't you know Healey's are supposed to be driven." The route was Dana's favorite, Hwy. 67 into Hwy 78 in the center of Ramona, right on third into the old Julian Highway, then back on 78, past Dudley's. The drive turned

left on Wynola Road, right on Farmer and into Julian to Margarita's Mexican Restaurant. Lunch started with a toast to Dana. Those attending included; Cass Cacciatore, Terry Cowan, David "Coyote" Crawford, Bob & Sue Farnsworth, Lou Galper & Debbie Durham, Dave Grundies, Gale & Martha Hess, Bob & Barbara Humphreys, Steve & Diane Kirby, Udo & Gisela Putzke, Rick Snover & Allie Casarda, Warren Voth, and Mike Williams.

13TH ANNUAL ROLLING BRITISH CAR DAY & PICNIC - SUNDAY, APRIL 13, 2008

Meet at **FEED THE DAY CORNER BAKERY CAFÉ**

Arrive no later than 8:30am First cars out at 9:30am

If you haven't attended our "**Rolling British Car Day**" yet . . . you've really, really missed a unique event! Last year, we had a little weather problem, so this year we will stay below the snow belt.

The purpose of **Rolling British Car Day** is simple—to get as many folks and clubs together as possible, and to put their wonderfully different British cars on the road!! We seek to foster camaraderie and have you meet new friends and see old ones! It's quite a sight to see British cars as far as you can see ahead of you, and even more in your rear view mirror!!!

Rolling British Car Day is a non-competitive, no stress, only-fun-allowed event. There are no fees, no applications, no judging and no trophies . . . **but we will have FREE raffle prizes at the end! WHAT A DEAL, EH???**

We have just become too dog gone big for any restaurant to handle us! **So, bring your picnic basket and blanket or chairs**—a great chance to show off that picnic basket and all the goodies you've been collecting all these years!

To reach the starting point—From Hwy 163 go East on I-8 exit Mission Center Rd toward the Westfield Shopping Center (Mission Valley Shopping Center) turn right on Camino De La Reina and first right into the parking lot. They will be open at 7:30am with Coffee and Pastry and hot breakfast items.

We will travel through the bay and central San Diego areas and end up at the San Diego Automotive Museum for our picnic and raffle. Admission is free to the museum for participants. Each SDBCCC member club will provide two cars for a special display at the museum.

De'javu 2007?

Well the voice on the phone was the same, the “would you and Jan help judge?” was the same, but Cy promised warmer weather and for sure coffee and breakfast this time, so in the end we were won over. The fact that both things actually occurred this time was amazing and in fact all aspects of this years show were better. Almost that is, judging teams consist of three members and our third was part of the shows ‘Solve Problems Committee’ and apparently never finished solving problems. This had that fish odor thing from the start so we decided to begin peeking and poking as soon as the owners would have us and given somewhat of a head start we did finish almost on time. We volunteered to do British Sports again and this year it was actually all sports and not sprinkled with the odd big Rolls etc. There were 12 cars in class 6 Jags, a TR2, Sunbeams Alpine and Tiger, an MGTF, a Healey Silverstone and a 66 Healey Mk 3. Last

years class winning Healey was present somewhere else as a display only and we didn’t even see it. Taken as a whole, the field seems to improve each year. My mantra used to be that there are no 100 point cars however this year we had a XKE Jag that could not be faulted, at least not in the time

we had for Judging and given our knowledge of that Marque. Second place 1 point back was another Jag. so there are some really great restoration samples out there. As an aside on this years Healey MK 3, the owner mentioned he had won Best Picnic at British Car Day awhile back and as you may recall, that car was parked away from the group and apparently left before we could get the owner for name credit. Well now we know, mystery solved. The owner is Steve Ras-

kind from La Jolla and when I mentioned the club to him he said he was a member and so he is.

Best of Show went to a Belgium made Minerva. New one for me, but a fantastic restoration. Couldn’t fault that one either. So to wrap up, if you didn’t go, you missed a great cross section of automotive art.

Photos? Well I hope there were some club members taking snaps cause you can’t easily lug around an early model digital camera and do your judging thing. I have however included a shot of the current state of our 100-6. I guess you can view it as the “before” of a re-restore which we may one day enter in this event.

CAR OF THE YEAR AWARD

In an effort to recognize Club members who participate with their Healeys, the Austin Healey Club of San Diego awards Car of the Year (CotY) points for various activities. Opportunities to collect CotY points include any car-related events (shows, drives, rallies etc.) sponsored by an official organization (other car clubs, auto museum, city chambers of commerce, charities) where you participate with your Healey. These events may or may not be listed in the newsletter. AHCSO events will

have a sign-in sheet that will be forwarded to the recorder. For multi-Healey families, be sure to indicate which car(s) you drove.
