From The Editor:

Wow!..I'm leading in COTY points! As nice as it would be to win the COTY badge this year, my being point leader is little to brag about. I'm sure there are street people in El Cajon, (or maybe in La Jolla after the stock market debacle) who put more mileage on their grocery carts than most of us club members put on our cars.

As for the rest of us, get out there and drive while gas is as cheap as it is probably ever going to be in the future. Or before the new administration makes us convert our Healeys to peddle cars or send them to the crusher and maybe us to the wood chipper, after taxes, that is...

I received this email from Barbara Dougal and I thought I would pass it on. I believe I saw a similar or maybe the same car at Dave Grundies open house several years ago...

"Is there any way to see if I can track down an Austin Healey sold in around 2002 in San Diego County? My uncle owned it since it's "birth" in 1954 and it was black and in unbelievable condition with a custom top. I would love to take my 87 year old uncle to see it and tell the owners about things only he knows about the car. Thanks for any help...Barbara" Contact Barby Dougall <barbaradougall@sbcglobal.net>

To anyone interested in being editor next year, I will say again that I will furnish any art or graphics, you may want, that I have in my files. I will even help with layout, if you wish. A very good newsletter can be done in Word. It helps if you have Photoshop or a similar program. A scanner is nice, but you could have anyone scan a document or photo and send it to you. You may have a combination, printer, fax, scanner already. Give it some thought.

See you November 2nd at the brunch and at the annual meeting and November 12th elections meeting.

Regards,
Warren

Hey you Healeyites

Hope you enjoyed the 30th Anniversary Brunch as much as I did!! Except for a little funky weather it was great fun, great turn out good to see those faces we don't get to as often!! Thanks goes out to Lynne Stark who helped me sort out the where!! And a great BIG HAND to Susan Kwiat', who ordered the cake, followed up with the RSVP's and the when... It wouldn't have worked without her :) I'd also like to thank Blair and his Bellefleur crew for a great set up, and attention to our group. I heard good things from the club, so I hope you enjoyed The Anniversary Brunch enough to go back & visit Bellefleur. Perhaps we can do this again!!

Please remember to come to the November meeting and vote for new board members. We need to fill the position of editor. Warren is stepping aside after a great job, and most likely will be able to assist the incoming editor with some tips on how he does such a great job!! That meeting will be at Coco's Bakery Restaurant, 10430 Friars Rd, at Mission Gorge Rd. Hope to see you there....

Thanks, Terry

The reflective mirror is in place. Tony said the thick aluminum of a Healey shroud, as opposed to the thin skin of modern vehicles, can be difficult to work. As deceptively simple as this looks, you don't want to try it at home. The Dent Dude makes it look easy, but there is more to this than a mirror and a mallet.

The Dent Dude removed a dent from my BMW several months ago which was self-inflicted by me while removing a battery from the trunk. As I swung around, I hit the fender next to the fuel door and bang...a nice dent the size of a silver dollar. Cunningham in El Cajon had the dent removed by the **Dent Dude** for a fraction of what it might have cost. There was no crease or cracked paint involved. The dent disappeared.

Fast forward to last month. While heading to the meeting place for the desert wildflower drive, a piece of particle board, kicked up by the cars in front of me, hit my car. Fortunately, the impact was below the grille opening. A higher hit could have been a real problem. The dent can plainly be seen in the reflected light of the mirror, which is part of the trick to removing the damage.

Tony DiLorenzo arrived at my home with his bag of magic. He attached the reflective mirror to illuminate the dent and removed it with a rubber mallet. In no time at all the dent was gone. In my case the paint was very slightly cracked. That might be due to the fact of no clear coat, Tony claims.

Tony has been the **Dent Dude** for about ten years. He began by apprenticing himself to a shop for about six months. He felt that it took about two additional years before he became competent as the **Dent Dude**.

Tony does windshield repair also. He can be reached at **858-204-3594**.

What's Coming Up?

By Rick Snover, Activities Committee Chairman

Before I get into what's coming up, I really want to thank Bob & Sue Farnsworth for hosting our Oktoberfest party last month. Everybody had a great time, and their newly rebuilt house was spectacular. Congratulations, Bob & Sue, and thanks again. I'd also like to thank those who stopped to assist with my flat tire on the way home from Oktoberfest. I sent most of you on your way with a cheery "just a flat, no problem", until I discovered that the key for my Mazda's anti-theft lug nuts wasn't in the car! (Sure wish I'd driven my Sprite that day!) Udo & Gisela and Warren helped me search for the key, and Udo tried a couple inflator cartridges, but without success so I ended up having to call AAA for a tow. Thanks, Warren, for sticking around until the tow truck arrived.

I'm running way beyond deadline again this month, so by the time you read this I'm sure the 30th Anniversary Brunch be long gone. I expect we all had a great time. Thanks to Terry, Lynn, and Susan for organizing that - I love it when the Activities Committee actually works as a committee!

We have two (count 'em, two!) TECH SESSIONS coming this month:

1. A New Jule Frame and superstructure restoration will be displayed on the Hess' BJ8, along with the old frame. Martin Jansen, of Jule Frame, will discuss the reasons for the change. Plenty of Healey Parking and a light lunch will be served. The Session will be at 11:00 AM on Saturday, November 15th, at Gale's & Martha's home, 10947 Vista Camino, Lakeside (TG 1231-J1). Phone 619-390-7510 or email Gale at gheess4@cox.net for more details, directions, etc.

2. It looks like we're finally going to get to put some color on John & Mary Schermerhorn's square body Sprite. We'll gather on Saturday, November 22nd, probably at Terry Cowan's house, 4028 Bardaquera Pl ace, Bonita (TG 1310-F2). Exact time and other details are yet to be worked out, and will be announced at the meeting on the 12th and via email.

NEXT MONTH we have just two events: The annual Temecula CORK INSPECTION TOUR with the Triumph Club will be on Sunday, December 7th, and our annual Christmas

Party & Gift Exchange returns to the San Diego Automotive Museum on Saturday, December 13. You should be receiving an invitation to the latter soon. Please be sure to reply promptly, so we can get an accurate head count for the kids from Ramona High, who are catering for us again this year. See your December newsletter for complete details on both events.

29th Annual British Car Day At Admiral Baker Park

The 29th San Diego British Car Day was show weather perfect as it happened after the previous nights light rain which helped freshen up the site. There is plenty of grassy room for expansion and the location is centrally located. Living in east county, it's nice to have an event in my neighborhood. Having never been to Admiral Baker Field, I actually drove right by it as it looks to be visible from Friar's road in the Thomas Brothers Guide. How can you miss a golf course, especially being an area native like me?

The large grassy area allowed marques to be shown off in grouped interest areas, which I thought contributed to the event. The Sprites were circled around their 50th Anniversary display canopy in a last stand as their year and car event season draws to a close. I personally felt the Admiral Baker Field is an improvement over Fairhurst Farms for location and informality, which I understand, is how this event began originally.

Spotting Steve Kirby, I had to ask him where the food vendor was, directions to the beer bottle recycling, and my dog had to go really bad. Cost of the event, fifteen bucks. Cost of seeing Steve roll his eyes one more time, priceless. I really didn't miss the food court. What could be more British than arriving with a picnic basket. There are plenty of drinks available in non-glass containers as well as wine specific containers on the market. If you couldn't find one for your wine, look on the Sahalie web-site for next year.

Admiral Baker Park gets my vote for future British Car Days. It seems much easier to produce. And isn't the main idea of these events for everyone to have a day of car fun?

...Sprites were circled around their 50th Anniversary display canopy in a last stand as their year and car event season draws to a close...

The MGM rates the front cover this month to honor the marque that started all this sports carazyness after WWII. I saw my first MGTC in 1949 in our neighbors yard one morning. It took ten years to afford my first sports car.

Octoberfest At The Farnsworth's New Home

This year's Octoberfest was as spectacular as the view from the Farnsworth's new home, overlooking San Louis Rey Valley and Wild Animal Park.

Bratmiester John Schermerhorn was doing his magic at the barbecue as always.

The attendance was so large, I know I'll miss someone, but here goes; Hosts Bob & Sue Farnsworth, friends and family, Norm Brewer, Terry Cowan & Marlene, Mike Dolphin, Lou Galper & Debbie Durhan, John & Mary Sshermerhorn, Dick & Jan Schmidt, Chuck & Debbie Sharp, Howard & Lynne Stark, Warren, Voth, Barbara & Jim Widgery, Sandy, Lily, James & Mark Leon, Jim & Libby Pendleton, Susan & Gerry Kwiat', Gale & Martha Hess, Bob Kitterer & Jennie Kline, Bob & Barbara Humphreys, Kurt May, Steve & Dianne Kirby, Mike Williams, Udo & Gisela Putzke, Rick Snover and Tony Ralph from Ottawa Canada. Not there? You missed a great turn-out!

The Farnsworth's kitchen bar was covered with side dishes and desserts...

Above- the Humphreys, Mike Williams, Pendleton's, Putzke's, and Kirby's Healey's outline the Farnsworth's circular driveway

Visiting and enjoying the view are; Barbara & Jim Widgery, Sandy Leon, Jim & Libby Pendleton, Susan & Gerry Kwiat', Gale & Martha Hess, Bob Kitterer & Jennie Kline, Bob & Barbara Humphreys, Steve & Dianne Kirby, Mark & Lily Leon, Mike Williams, Gisela Putzke, Rick Snover, and Udo Putzke.

CAR OF THE YEAR AWARD

In an effort to recognize Club members who participate with their Healeys, the Austin Healey Club of San Diego awards Car of the Year (CotY) points for various activities. Opportunities to collect CotY points include any car-related events (shows, drives, rallies etc.) sponsored by an official organization (other car clubs, auto museum, city chambers of commerce, charities) where you participate with your Healey. These events may or may not be listed in the newsletter. The participant is responsible for providing proof of participation (entrance fee receipt, photo, corroboration from other club members, etc.) to the CotY recorder, Gisela Putzke (858-486-3870 or putzkes@cox.net), within 30 days after the event. AHCSO events will have a sign-in sheet that will be forwarded to the recorder. For multi-Healey families, be sure to indicate which car(s) you drove.

CotY points currently approved by the Board are: AHCSO Meetings & Tech Sessions 4 pts, AHCSO Driving Events, Parties, etc. 6 pts, California Healey Week 16 pts, Healey Rendezvous 16 pts, Austin Healey Conclave 16 pts, S.D. British Car Day & Rolling B.C.D. 10 pts, Other non-AHCSO one-day events 2 pts, Other non-AHCSO multi-day events 4 pts, The Board on a case-by-case basis may award points for other events.

FOR SALE

FOR SALE: 1976 JENSEN GT and 1973 JENSEN HEALEY-The GT has been upgraded with a 2.2 cam and Dellorto Carbs. It is in good condition with a few minor problems that can be easily repaired.

The JH runs very well and has no rust. It needs a new top and cosmetic work.

Would prefer to sell both cars together as a package deal for \$12,000 US (or best offer). Will consider individual offers if necessary.

Additional information and photos are available for both cars.

For health reasons Kirk Kvam must sell his beautiful 1962 Tricarb. The car was professionally restored in a frame off total restoration. The frame and suspension are powder coated. The engine, built by Ken Rock, has a K code BJ8 block and cam. The three HS4 carbs are new and another new set comes with the car.

A set of manifolds, a new windshield, a new soft top, and othe new parts come with the car..

The trophies the car has won come with the car:

It won Best of Show three consecutive years at California Healey Week.

It won Best of Show two consecutive years at Healeys on the Green.

It has won Best of Marque at British Car Day, and many other awards at local shows.

The NADA value for this "excellent" car is \$ 60,400. Kirk is looking for something close to that but will negotiate. Kirk's cell # is 951-205-3035

This is one outstanding looking and driving car. Photos taken this week can be viewed at: <http://www.sdhealey.org/kvamTricarb/Kirk%20Kvam/kirk1.JPG>
