**From The Editor:****Never Assume**

His request approved, the CNN News photographer quickly used a cell phone to call the local airport to charter a flight.

He was told a twin-engine plane would be waiting for him at the airport.

Arriving at the airfield, he spotted a plane warming up outside a hanger.

He jumped in with his bag, slammed the door shut, and shouted, 'Let's go'.

The pilot taxied out, swung the plane into the wind and took off.

Once in the air, the photographer instructed the pilot, 'Fly over the valley and make low passes so I can take pictures of the fires on the hillsides.'

'Why?' asked the pilot.

'Because I'm a photographer for CNN', he responded, 'and I need to get some close up shots.'

The pilot was strangely silent for a moment, finally he stammered, 'So, what you're telling me, is . . . You're NOT my flight instructor?'

Cleaning Polycarbonate Headlight Lens

In the November issue of Autoweek the article "Let There Be Light" by Wendy Warren Keepler he talks about cleaning hazy polycarbonate headlight lenses. Now this is not a real problem for our Healeys but may be for our other cars. Or as in my case I used polycarbonate to make new sliding side curtains for my car. Anyway the product discussed is 3M's Headlight Lens Restoration System. The article states that it cost under \$30 and using your own drill you can do both headlights in under an hour. If you have had the unfortunate experience of replacing current headlight units you know that they are considerably more than \$30. So if you have some hazy head light lens you may want to consider this product rather than the cost of replacing them.

**Minutes Last Meeting:****January Meeting Minutes 2010**

The January meeting was held at Coco's restaurant 10430 Friars Rd. San Diego.

28 members and guests were in attendance: Drove Healeys*, other British~.

Terry Cowan & Lisa Mandel, Bob & Jo Ann Carberry, Bob & Sue Farnsworth, Lou Galper~, Bob Humphreys, Bob Kitterer & Delores McComas, Jose Mondragon, Udo & Gisela Putzke, John & Mary Schermerhorn, Dick & Jan Schmidt, Rick Snover & Allie Casarda, Gary Stalker, Howard & Lynne Stark, Denis & Eric Tarakjian, Craig & Sue Turner, Mike Williams & Delia Rodriguez

Meeting was called to order at 7.30 pm by president Terry Cowan.

Opening item was the announcement that Dick and Jan Schmidt had just celebrated their 50th Wedding Anniversary. Lynne presented Jan with 20 long stem yellow roses. Mike and Gisela had engineered a cake with a frosting picture of the two and snapped some shots of it and them.

Welcomed new members Denis and Eric Tarakjian. Eric told us a bit about his Sprite.

As the activities chair is open Terry spoke again on the state of club activities, see below.

November minutes were approved as written.

Vice President/ Membership: Rick Snover reported that our membership stands at 20. Renewal time is here so please get checks in the mail.

Secretary: Unable to attend.

Treasurer: No report, awaiting information/receipt of bank items.

Newsletter: Bob discussed his opening experiences in "on the road editorship" of the news letter. A big problem to solve is the no signal internet connection and that he will need to be "somewhere" between the 19th and 23rd. of each month. He also mentioned the need for captions and other identifying information to be attached to pictures, articles etc. .

Activities: As this position is currently open we are looking for candidate events from the general membership.

Terry has passed out "what would we like to do" forms and there was discussion on/of a number of items.

This years "Calif Healey Week" will be in Temecula May 19-23 which is an easy drive for us. Also Ed Neumeyer has volunteered to host Superbowl at his home in Oceanside. Details especially parking being worked out.

Firm events:

Tech Session 1 - Again getting "closer to final stages" of John Schermerhorn's Sprite. On Sat. Jan 16th starting at 9.00 a.m. Udo would like a small group to get their garage turned into a paint booth for the exterior color coat..

Tech session 2 - Sat. Jan 23rd. Bob Farnsworth will host a Bilstein Shock Absorber installation on his BT7 orchestrated by Udo with a 9.00 a.m. early bird start.

Other events -- see activities page

Regalia: Terry opinioned that the club has various items that are scattered in different locations (beside regalia) and that it might be appropriate to consolidate all of these in one storage location. Item open.

Museum/Greater SD Car Club Council: Jerry not present. May not be able to continue in this position due to work requirements.

Old Business: Sort of. Rick mentioned that Klaus Kind had won the last Ball Bearing Breaker rally and could use some help setting up the running of the next one on Sunday Jan 24th. Start to be in LeMesa.

New Business: none

Craig Turner was the lucky dinner entree winner.

Meeting adjourned 8.45 p.m.

Respectfully submitted

Dick Schmidt, secretary

Dick and Jan Schmidts 50th Wedding Anniversary

text and photo by Mike Williams

Long time AHSCD Club Members, Dick & Jan Schimdt, celebrated their 50th Wedding Anniversary on New Year's Eve. At the January meeting, the club surprised them both with a delicious cake and rousing round of the "Happy Anniversary" song. Congratulations Dick & Jan and many more to come!

Jan and I would like to express our thanks to The club for the cards, flowers and the special commemorative cake that you all came up with to help us celebrate our 50th anniversary. Time flies when your having fun.

Thanks again.

Painting John Schermerhorns Project Car

Udo and Bob Humphreys were the early work crew with Dick and Jan arriving 9.15ish. New members Denis and Eric Tarakjian stopped by for questions and a helping hand. There was final booth prep, sanding, masking, cleaning and lunch. Mary had pizza and Jan brought some anniversary cake. A bit more cleaning and finally it was show time. Udo had a new spray gun to try out and after some adjustments, things turned blue -- the color, not the language. So John now has a blue car. Have't seen it with the booth gone. That will happen when we hang more parts on it.

Ball Bearing Breaker Challenge Rally

text and photo by Mike Williams

Well, we caught a break from the rain and had a spectacular, sunny Southern California day for this year's running of the BBBCR. Rally Master, Klaus Kind did a great job putting together a fun, yet slightly challenging route with beautiful east county scenery, enhanced by all of the recent rains. Klaus and his daughter were last years winners in his BJ8 and hence became the new rally head. As of this year, the format has changed to a "club rotation" for hosting the rallies and AHCSO was first up, so this worked out perfectly

Eighteen vehicles of varying British marques participated and I believe all eighteen made it safe and sound to the finish checkpoint, Pernicano's Family Restaurant in El Cajon. There were three Healeys, a couple of Jaguars, a Noble, several MGs and Triumphs and a Morgan. Participating from our club were Lou Galper and Debbie Dunham in his 100, Mike Williams and Delia Rodriguez in his 3000 Tri-carb and Klaus Kind's daughter and friend in Klaus' 3000 BJ8. Also on hand to support the club were Terry Cowan and Lisa Mandell, and Rick Snover with his Sprite. Unfortunately, Rick was navigator-less and didn't make the rally. The folks driving the Nobel took first place and no Healeys finished in the top three.

I will most definitely keep Klaus' route and use it for a future weekend drive...when I don't have to count "bikes on sticks" or try to figure out what the "4" represents.

Left: Three Healeys and a TR3A waiting for the 2010 BBBCR to get underway while the Healey navigators discuss strategy.

Right: The winning Nobel and other competitors gathered at the start in La Mesa.

Rolling British Car Day Notice

from Steve Kirby

Hi folks--

As calendars begin to take shape for next year, please reserve the month of April for Rolling British Car Day. This will be our 15th year!

We have set the date as Sunday, April 18, 2010. The exact route and meeting place are still evolving, but we have a pretty decent "rough" idea. We will be meeting somewhere along the north coastal area, probably around 9:00am ish, for tyre-kicking, meeting old and new friends, gawking at all the great cars and just generally relaxin' and having a good ol' time.

Probably head out about 10ish, for a short, relaxing, no-stress, no-competition, no-judging, no-trophies route along the coast.

We will end at a place for picnics . . . so dust off those great picnic baskets, and start practicing your picnic recipes!

One of our favorite events -- seeing hundreds of great British cars of all shapes, sizes and types as far as the eye can see in front of you . . . and in your rear view mirror! (I guess if you're first or last . . . then . . . well . . .)

As soon as the plans are finalized, we'll let ya' all know . . . but the date is for sure!

Cheers,

Steve

University of VARA Notice

from John Nikas

The University of VARA will be held at Buttonwillow International Raceway (just north of Bakersfield) on February 6 & 7, 2010.

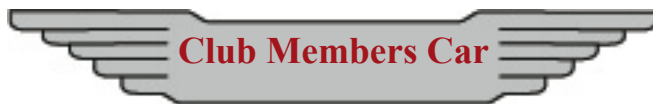

It is an auto racing fantasy camp and high performance driving school that can be enjoyed in your street car (convertibles must have rollover protection) and will undoubtedly make you a better driver. The cost is a very reasonable \$275 (you do not have to be a member of VARA to go to the University) and should entitle you to a discount with your primary insurance carrier.

Additionally, full race cars are available for rent if you would like to go that route. If you have any questions, please email John at capecoventryracing@gmail.com or call (800) 280-8272.

Auto Racing Fantasy Camp & Race Driver School

The Vintage Auto Racing Association is putting on their annual University of VARA Driving school February 6&7, 2010 and is accepting not only drivers with full race prepared cars, but students driving their every day street cars.

The holidays are coming; this is a grand opportunity to give your friends or family the experience of his or her lifetime. Imagine a full weekend of experiencing the thrill of racing on a closed circuit road racing track, with world class instruction in a very safe environment for only \$275.00 (driving your own car).

The University of VARA is a two day school with tons of track time as well as classroom, skid pad, threshold breaking and other training sessions.

The VARA instructors are some of the best west of the Mississippi and the school provides a huge amount of one on one instruction in your own car. They will determine your goals, be that moving on to racing sports cars or to become a far more capable driver of your street car, and tailor the in-car instruction to meet your goals.

In addition to our own crew of instructors, additional insights are provided by Danny McKeever and his instructors from Fast Lane Racing School. Danny's School provides all the instruction for the stars participating in the celebrity race at the Long Beach Grand Prix as well as many pro racers.

Rental race prepared cars are also available through Fast Lane Racing School for an additional charge and need to be reserved in advance. Call 888/948-4888 for details.

For additional information contact Darlene Longacre at www.vararacing.com or call 800-280-8272.

Rendezvous in Eugene. Plan on it!

Join us for the fun at Rendezvous 2010, June 28 to July 2, starting at Eugene's Valley River Inn. VRI, located on the north bank of the Willamette River is attractive and comfortable, surrounded by miles of riverside walking and biking trails and Eugene's largest shopping mall with many shopping and eating opportunities. The car show

will be held in the quaint town of Coburg six miles north of Eugene in a grassy park surrounded by interesting antique shops.

Our VRI hotel location is minutes from either downtown (for galleries, dining, or music) or the University of Oregon campus (for art, natural history, or athletic facility tours). You can easily get to either downtown or campus by driving your Healey or in a VRI van or a city bus. Enjoy tours in the splendid south Willamette Valley and the Rendezvous Rally which will run through wine country. For more to see and do in Eugene go to:
