**From The Editor:**

Sometimes I wonder if I have the right hobby. Vintage cars are expensive! I watch Barry McGuire, Wayne Carini

and Jay Leno and think, "it would be nice to be able to do that." But I know it will never happen. I'm just a middle class preacher that came out of the back woods of Arkansas from a family who never had anything and lived from paycheck to paycheck. Owning a sports car was a pipe dream as a kid and in many ways still is. However, Donald Healey had an idea for an entry level sports car and I found one that was in bad enough shape that I could afford it. So, now I own an Austin Healey Sprite.

When you are at my level financially owning a sports car is the least of ones concerns,(however, finding a rusting heap is even moving out of my reach). Piling all that "junk" as my wife calls it, in the garage now necessitates getting it to run. Therein lies all the cost, frustration and greasy fingernails one can endure. It is a never ending gauntlet of

MARCH 2013

Well Now Healey Peeps...

"The Ides of March" are upon us and we are currently blessed with the best weather in the country....Shhhhhh don't tell anybody...

Lisa and I want to thank everyone who attended a very different Super Bowl Party and all who wished me a Happy 16th Birthday....nothing like sweet 16...OK thats right # 61 someone screwed up the candle count and now Olds Hiemers is setting

in...anyway I have managed to finish the kitchen island "basic set up" with new Decor cooktop and test counter top...have bought the hardy backer board for the tile floor and now its time to... " PICK THE TILE " !! Then its the logistics of when to have it set because you can't be on it for a few days...Road Trip / Weekend Away !!

OK... back to Healeys we just got back from our races @ Chuckwalla Valley Raceway...AKA The Palm Springs Classic...not sure how it got that name since its at least 1 hours drive away from there.

Our three cars ran so closely we were within 4 one hundreds of a second of each other...we all won our own race group flags Pete Smith HP 1, I won GP 1 and Bill Rooklidge CP 1...which made for some pretty exciting racing with Bill passing me on the exit of turn 17 and nosing me at the checker !!

Hmmmm guess I need to put the main motor back in !!

The Meeting is again at our current favorite place...Jimmys In Santee @ 6:30 PM on the 13th hope to see you all there !!

Cheers, Your Prez
Terry

Important Announcement: John and Katherine are in Richmond, VA celebrating the birth of their granddaughter Jayne Evelyn Vogel. Congratulations!!

Rod & Custom Tour

By John McVeety

Bob Farnsworth arranged for our club members to tour Hot Rods & Custom Stuff in

Escondido. Bob's Healey hard top is being refurbished here. I have been hearing about this top for some time now and I was pleased to learn that it actually exists and is nearing completion.

We were greeted by Peaches and Randy, the owners, who gave us a great tour of their shops and projects.

Preaching to the choir - A really

informative session about new paints and techniques. Randy provided a great commentary about the costs and regulations

ACTIVITIES

FEBRUARY 9

Due to rain the Ball Bearing Breaker Challenge Rallye scheduled for January 26th was moved to February 9th. According to Lou Galper, it turned out to be a perfect cool day for a great drive in North County. Only 13 cars total participated, two from our club, Lou in his BN1 and John McVeety in his BJ8.

Winners were first-timers driving a Triumph.

FEBRUARY 16

Ten people and four Healeys showed up at Hot Rods and Custom Stuff in Escondido where owners Randy and Peaches Clark gave us the grand tour and a tech seminar on auto painting. Randy and staff are working on forty or more projects ranging from body and fender repair, custom up-grades, restorations and complete auto fabrication. They have the facilities, tools and expertise to take care of any and all auto related projects. After a tour of the facilities, Andy Meeh, painting supervisor showed us the paint shop and then explained the changes being made to auto painting using the newer water based materials.

Later a few of us had lunch at Mike's B-B-Q (might be a good place for a future club meeting).

Attendees were;

Bob & Barbara Humphreys – BT7

Bob Kitterer & Delores McComas

Chic Linde - BN-2

John McVeety - BJ8

Dick & Jan Schmidt - Mercedes

Bob Farnsworth & Phil Hall - BT7

Ball Bearing Breaker Rallye by John McVeety

The much delayed Ball Breaker Rallye was finally off and running Saturday February 16. This year it was sponsored by the Triumph Club. The weather was a brisk 45 degrees for the 30 mile trip up to Carlsbad. A new knit cap supplemented the cold weather gear for the top down drive to the base of the "Flower Fields". I was reminded of my younger (and dumber) years when I drove my Healey all winter with the top down. I was met by the friendly folks of the Triumph Club. "DA Brain Trust" they were called.

My usual navigator (Terry) was unavailable so there was Chuck, a TR-6 owner who wanted to hook a ride.

Turns out Chuck is a

displaced

Great Lakes sailor so we got on famously. Chuck and I were absolute marvels at solving the clues to the rally. Visions of victory filled our thoughts. Somewhere after "Bing Crosby" we missed "Rusty Bridge" and "Dam". We found ourselves in downtown Escondido. We had to open the bail out

envelope. We were supposed to be in San Bernardo. The finale was at the San Bernardo Winery... A winery in California ? ...What are the odds?

At the awards luncheon Lou Galper (the only other member of AHCSA to attend) bravely handed over the first place Trophy to a team driving a nice TR-5. This

perpetual trophy is among the ugliest of mankind's creations, so I'm sure he was glad to get it out of the house.

I enjoy these events immensely. I get to meet new people, see some cool cars, and take some roads that a visitor like myself wouldn't normally find. Thank you, Triumph club, for a great day !

governing his business. In his words "The days of the Earl Scheib \$19.95 paint job are long gone. " \$800 for a quart of paint for instance.

I want this car to cruise South Beach with 14 of my closest friends.

This was my favorite. A '61 Vette. Randy explained to me that the body may be 61 but EVERYTHING underneath is hand built - tubular frame - suspension - everything. A highly modified LT-1 provides the power. This must have cost a small fortune to complete.....but I guess it's only money. The Vett's License plate says it all....AW YNOT!!! Thanks to Bob, Peaches and Randy for a great day.

Coontinued from Page 2

things waiting to break and leave you stranded.

That's my story. Whooee's tachometer has never worked as long as I have had the car. "It runs, I'll fix the tach later," I said. Well, the time came to fix the tach. I got it fixed but in the process destroyed my Pertronix ignition. So, I went back to the old points I still had. They worked fine for a while but they quit every now and then. I found the wire from the coil (inside the distributor) to the points was broken. I fixed that and everything was OK but the timing was a bit off. So, I adjusted the timing and Whooeee ran better than it had in a long time. Then, on the way home from the last SDAHHC meeting she died just two blocks from home. My neighbor drove by at the right time and helped me push it home. Now what? I found the distributor had slipped out of the retaining clamp and divorced itself from the drive. I got her running again and I am waiting for the next shoe to drop.

Sometimes I wish I could haul it to a restorer, like Leno does, and say, "Make it right and I'll pay you." There is only two things wrong with that: One, I don't have that kind of money, and two, I want to learn how to do it myself.

So, now I tell myself, "quit moaning and go get your fingernails greasy."

OK can you name this semi famous car ?

According to the Rangers at Borrego, wild flowers should be good this year and should peak about the end of March. Our son, Rick has a friend, Denis, living in Borrego. Sue and I talked with Denis about a Healey wild flower outing and he offered several suggestions.

First, he has several friends (think he knows everyone in Borrego) who are in the Ranger Service and he will try getting one or two for some talks about the area. So, we are thinking of a drive to Borrego on **March 23 or 30**. When we decide on a date, I will contact Denis and make arrangements for the lecture and lunch.

The DMV is orchestrating a preorder program for vintage California license plates. If they get 7500 applications by January 1, 2015 they will proceed with the program. This appears to be a good opportunity for classic car owners to get period correct plates for their cars. The link below is to the DMV website for ordering plates.

Car of the Year Award

In an effort to recognize Club members who participate with their Healeys, the Austin Healey Club of San Diego awards Car of the Year (COTY) points for various activities. Opportunities to collect CotY points include any car-related events (shows, drives, rallies, etc.) sponsored by an official organization (other car clubs, auto museum, city chambers of commerce, charities) where you participate with your Healey. These events may or may not be listed in the newsletter. The participant is responsible for providing proof of participation (entrance fee receipt, photo, corroboration from other club members etc.) to the CotY recorder, Rick Snover (619-980-4194 or ricksnover@earthlink.net), within 30 days after the event. AHCSO events will have a sign-in sheet that will be forwarded to the recorder. For multi-Healey families, be sure to indicate which car(s) you drove.
