Official Publication of the

Club of San Diego

**From The Editor:**

It all started a long time ago when, after bumping my head on the bonnet, I decided to henge the bonnet forward

for better access to the engine bay. The conversion all went well until it came to devising a new latch. I had seen several versions and most of them did not appeal to me. The best solution was to install a latch taken from a Triumph Spitfire that actually looked like it belonged. The only problem was that it demanded a rectangular hole be cut into each side to accommodate the mechanism. Cutting into the bonnet did not appeal to me. In fact, I'm uneasy about even drilling a hole to bolt on any of the other solutions.

So, what did I do? Nothing! I decided to try just letting the bonnet rest in place without any "tie down." I was advised that this was unwise because "you'll come to a stop sign and your bonnet will slide off onto the street." None-the-less, I just set the bonnet down in place without a latch thinking the weight of the bonnet would keep it in place. To date I

MARCH 2016

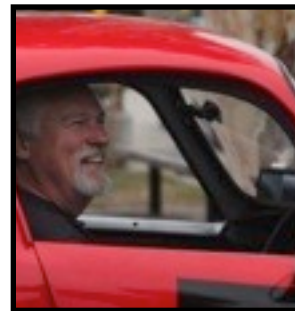

Hey Fellow Healeyites

Well we are now well into 2016,

A big thanks go out Sandy & Alex Watt for hosting this year's Super Bowl party and showing us around their new garage space and of coarse their great collection of cars, leaving a bit of space for their very rare German Spec Tri-Carb 3000.

President's Message:

These cars are unique to the mark as being ahead of most countries by insisting the car be provided separate signal lamps and brake lights as a safety feature before most countries by three years.

They feature a lamp in the area on the back shroud that would normally have the reflector above the rear lamp, and a small bump on the front shroud for the signal lamp. This arrangement did not appear on normal production Healeys until late 1965 or model year 66.

I have only seen three of these early german Spec cars in all my years of restoring them. We are currently restoring the chassis and hopefully we can have some Club tech sessions to help move forward on this very special Healey.

I hope folks had a good time with Bob at Hawk Watch...unfortunately I had to out of town helping my Mom who recently broke her hip. She has been having a hard time getting her normal stuff done, so I spent some time in San Fran with my brother trying to sort things out for her.

Lisa and I are currently taking some time off that has **NOTHING** to do with cars...not my usual fare, but she says I'll have fun...so off to Antigua we go...not sure what happens on weekends that don't have race cars or car shows, but I brought some books that I have owned for a few years...and hope I don't come back looking like a roasted beet!!

OK we still need a Treasurer which now be ME...we have about 6,400.00 in our bank...so anyone who would like to give a hand with this position I am happy to bring the ledger!!

Our meeting this month will be at *Mainstream Bar & Grill on the third Wed the 16th of March @ 6:30.*

Hope to see you all there!!

Yr Prez, Terry

have had no incident where the bonnet slid in the intersection.

Wisdom has always preached, "If it ain't broke, don't fix it." I still believe that. Buuuut, I would still like to find out if I could devise a latch that would work and not mar my paint job. I think I have found a solution. It is a cabinet latch like the one on the armoire in my bedroom. It requires no holes in the outer skin of Whooeee and yet secures the bonnet in place.

Cool, Huh!?

October 1st - British Car Day

Super Bowl Party

The tradition has been since I have been in the club that the Superbowl party has been at Terrys. Since his birthday is in February we sing “Happy Birthday, dear Terry” then go root for our favorite team.

This year things are different. Since Terry was a bit jammed up and getting ready for a party would have taken a Herculean effort, he asked if anyone wanted to host the Superbowl party and Sandy and Sandy Watts volunteered. When we were last there for a tech session the Watts lived in Santa Ana and they had constructed a garage at her mom’s home in Point Loma. Now they have sold their Santa Ana home and moved into the house in Point Loma and begun construction on another

garage.

After church Janiece and I made our way up to Point Loma

followed

by Rick in his BT7 and found a place to park tucked among the bushes along the roadside.

Inside was packed with Healy folks and a table laden with all kinds of goodies. Stashed in his unfinished garage was a couple of Sandy’s projects. Those who had not been there before were treated to a tour of the original garage with cars down stairs and period clothes up stairs.

In the new garage Sandy had set up a projector to show the game on the white wall of the garage. Those who brought chairs set them up forming a makeshift theater. A trip by the table to fill a plate with goodies and a cold drink became the makings of a great afternoon watching Payton Manning humble the near perfect Panthers.

Car of the Year Award

In an effort to recognize Club members who participate with their Healeys, the Austin Healey Club of San Diego awards Car of the Year (COTY) points for various activities. Opportunities to collect CotY points include any car-related events (shows, drives, rallies, etc.) sponsored by an official organization (other car clubs, auto museum, city chambers of commerce, charities) where you participate with your Healey. The participant is responsible for providing proof of participation (entrance fee receipt, photo, corroboration from other club members etc.) to the CotY recorder, Rick Snover (619-980-4194 or ricksnover@earthlink.net), within 30 days after the event. AHCSO events will have a sign-in sheet that will be forwarded to the recorder. For multi-Healey families, be sure to indicate which car(s) you drove.

CotY points currently approved by the Board are: AHCSO Meetings & Tech Sessions 4 pts; AHCSO driving Events, Parties etc. 6 pts; California Healey Week 16 pts; Healey Rendezvous 16 pts; Austin Healey Conclave 16 pts; S.D. British Car Day & Rolling B.C.D. 10 pts; Other non-AHCSO one day events 2 pts; Other non-AHCSO multi-day events 4pts. The Board on a case-by-case basis may award points for other events.
