January 2018

From The Editor:

As a guest of the Triumph Club's Annual Wine Run, (*better known as The Cork Inspection Tour.*) I met a new friend, Garth Brown. Garth was checking out my Healey in the parking area of the Poppaea Vineyard. He mentioned that while stationed in Florida in 1966, he had a Navy pilot friend named Curtis Blount, who had a British Racing Green Austin Healey the same year as mine.

Curtis Blount's '66BJ8 had a black top and interior as mine did when we purchased it in 1967. (The side vents, egg crate grille, Dayton wire wheels and bisque interior and top, etc, were added about 1990).

Garth Brown

Garth Brown and Curtis Blount reconnected a short time later, in late 1966, here in San Diego. Garth said that Curtis no longer had the Healey. And apparently the Healey's deposition never came up in conversation... Life intervened. Garth and Curtis lost track of each other. So what's the point of this and a disappearing Healey?

We purchased our Healey from Wescott Motors in National City, Calif. in February 1967. Wescott Motors was the local Healey dealership. I remember buying ignition points, and miscellaneous Healey parts, even a roll of black floor carpet material, rubber window trim as well as mufflers from Wescott. Original factory stuff, like mufflers and the manifold flex pipes had a relatively short life. (I believe they came pre-rusted from the factory.)

The '66 BJ8 cost us \$2100 and the '59 100-6 we already owned. The 100-6 had steel rims, no radio, crazed side curtains, and a leaky top, regardless what I did. And leather seats that spent too much time in the sun with no care. Not to mention the previous owner installed what was a too radical cam, which made tuning a nightmare.

President's January Message

President Terry...being presidential...

Hello Fellow Healey Peep's

Happy New Year...I am hoping 2018 is less stressful and more upbeat than 2017 !!

Also, 2018 should bring some changes and hopefully more participation we plan to introduce weekend / daytime meetings every other month so

I am hoping to hear input about where and when the club wants to do that !!

Mike Williams doing Redi-Whip shooters...

Event's have been spotty or lightly attended. I am hoping we will be able to fix that this next year reviving some of our past event's and posting a calendar each month which shows our normal events for the year in advance, plus asking for members to host things they would like us to do, also I have been out checking meeting places for the new year !!

OK, I went out and about today checking on new and old meeting places. The Mainstream Bar & Grill in Poway is now back to its normal and is no longer hosting it's "Art Night" on our meeting night...I also stopped into Mimi's on Mira Mesa and the 15 and they have a nice no charge room plus I picked up a menu for folks to look at as well !!

I am not completely clear on what the club wants to do for the weekend / daytime meeting ideas. Are we going to have the meeting as we normally do with an indoor spot like we do currently at new places or something at the beach and then a drive ??...or at some of our normal places for say brunch / lunch...I would like to lay out a 6 month or year plan if we can, so I can hunt down some fun spots !!!

Above center: Charles & Debby Sharp, Michael Dolphin, Kevin & Alejandra Schumacher, and Terry Banach & Lisa Wilhoite.

CALIFORNIA HEALEY WEEK 2018

Solvang, California

October 17-21, 2018

- REGISTER NOW • PRINTABLE FLYER
- PRINTABLE REGISTRATION FORMS

Available: www.austin-healey.org

• Solvang...Get ready for great sports cars, food, wine tasting, friends and a beautiful location...California Healey Week 2018, hosted by the Austin Healey Association of Southern California, will be held in Solvang, California from Wednesday, October 17th to Sunday, October 21st, 2018. The event will be headquartered at the Hotel Corque in downtown Solvang, see www.hotelcorque.com. Registrations are now open for the event. The historic Danish village of Solvang offers the best of the Santa Ynez Valley and Santa Barbara wine country in a relaxed and peaceful setting. Indulge in authentic Danish pastries at the world-famous bakeries. Stroll through the village and admire the old world European architecture, plus find the perfect souvenir at a variety of charming boutiques and shops.

- Ynez Valley Fall is typically beautiful in the Santa Ynez Valley.
- We plan to have some beautiful drives through back roads in the Valley, with the option of visiting several of the many vineyards for wine tasting. In addition to Solvang, we will visit Buellton, Los Olives and other locations in the valley.

We also plan a visit to the Mendenhall's Museum, which is one of the largest collections on the west coast of gasoline pumps, petroliana, road signs, license plates, race cars, racing history, miscellaneous antiques. You will be able to roam through their extensive displays of automobile antiques and collectables, with an extensive history of auto racing, especially the pursuit of the 200 MPH records at Bonneville.

You will have the option to visit the Vintage Motorcycle Museum in town. The collection is quite broad with something for everyone, ranging from the very early to the present, and across all makes, including: AJS, BMW, Ducati, Gilera, Matchless, Moto Guzzi, MV, Norton, Triumph, Velocette and Vincent.

• Rocker Cover Racing is always a highlight at California Healey Week. This event entails participants racing rocker (valve) covers, adapted with wheels and decorations, down an inclined track. Awards are given for fastest racer and "best presentation". This event is held during cocktail hour, to add levity! During CHW 2018, we will celebrate the 60th Anniversary of the Austin Healey Sprite, including a special tribute to this iconic British sports car.

• The highlight of California Healey Week is the car show on Saturday, October 20th. We are negotiating to have this at a great central location in town. There, you will see some of the most beautiful Austin Healey sports cars around. The show is organized by Healey model, type and year with public voting for awards in 8 classes.

• Many more activities are currently in the planning stages. You can either register online at www.austin-healey.org or by downloading a manual form.

Hotel space is limited, so be sure to register soon to secure your place for this special Austin Healey event. Stay tuned to www.austin-healey.org for additional information and announcements.

Note: Once you register for the event, you will get a confirmation with instructions as to how to make your room reservations at the Hotel Corque at our reduced rate of \$129 on Wed. and Thurs. and \$209 on Fri. & Sat

Hi Everyone...As I talked about at the Holiday party, I thought of a fun way for members to write some articles both short or long as they wanted for the newsletter. A few years back the club purchased a camera that could be mounted on a Healey to take pictures/Video? as you drove. Kinda like a "go pro". At each of our monthly meetings or events, the camera could be given to a member that was willing to put it on their car and go for a drive, It didn't have to be a car event or anything planned. Just a drive in your car anywhere, where you saw something of interest, thought of a past event or story about a place you drove past. Maybe you talked to another car enthusiast, or had a thought about something to do with your car, other cars or people or current or past events while in your car. Anything really. I don't know about you, but I see things from a slightly different perspective when I am in the Healey, and I thought a picture is/could be worth an article. Maybe if you have someone with you, your passenger might like to write something from their view. Just some Healey musing about whatever tickles your fancy with an accompanying picture. A "Go Pro" moment/thought of the month if you will. The camera will be available at the January Meeting. Please see me Lynne Stark or call to get on the list for your turn with the camera.

It's Christmas once again...

Once again, Santa found the Club loitering in the mezzanine at the San Diego Automotive Museum, for holiday fare and a very congenial after dinner gift exchange, during delicious and sumptuous after dinner desserts.

And once again, Louie Matar's 1949 white Cadillac and trailer, billed as driving, non-stop, coast to coast, in the early 50's, greets us from the center of the museum floor. And it's eternally followed by a back-to-the-future Delorian.

Another great Christmas party. Barbara Humphries, the "Brownie Queen" enjoying the catered dinner. Nice to be able to chat with club members during a pleasant Holiday repast...

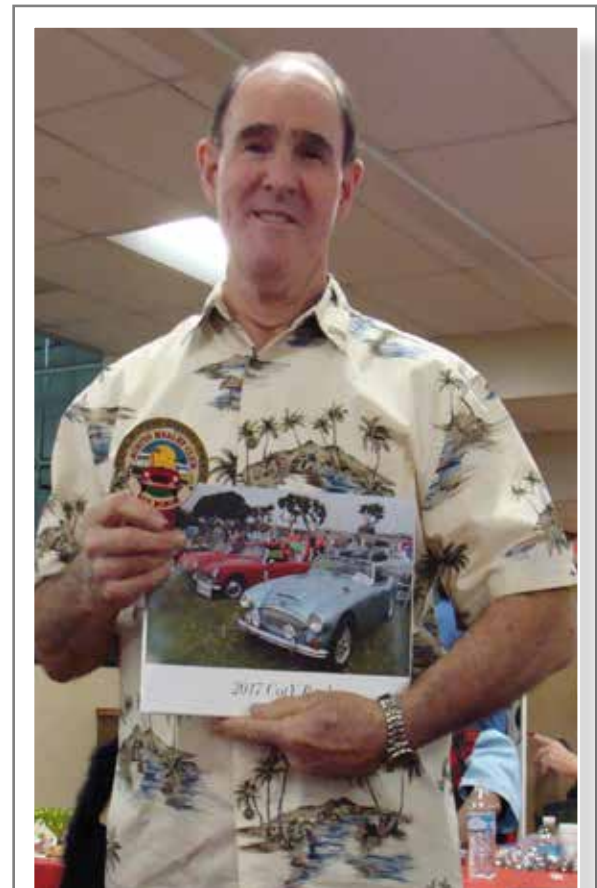

I missed my chance to low bid Terry Cowan's camera, left on the silent bid auction table. Should have bid on the Moss king pin set... Nancy Arndt enjoys her desert waiting for the gift exchange...

The gift exchange was timed perfectly between the sleepy after dinner drowsiness and before the sugar high kicked in from the sweets. Several days before the party, I was having a gift dilemma for the exchange. I saw an ad in a Dixieline flyer for SAE and METRIC combination/ratchet sets. The price was right and I was sure of not being duplicated. After all, who would expect wrenches as a gift exchange at a gear head gathering? I purchased a set for myself and they are super handy, indeed. And it was nice to see them sought over. Lou Galper, top left, was the first to to gift exchange the wrenches. Don Benke scored them from Lou... only to loose them to final winner, Lisa Wilhoite.

Lisa Wilhoite gets to change oil and plugs on their AH 100-6 MK1..

Don Benke is this year's winner of the Dana McPeck driving Award with **82 COTY points**. Don also received a book commmerating his big win! Congratulations Don, *you're the man!*

Nancy Stalker was the big hamberger head hat winner...

...Still more Christmas Party...

And, yet again, The Ramona High School Food Services Class, under the direction of Laurie Ivers, Sunny, and four culinary students, did a wonderful job. The ham and turkey dinner with all the trimmings is always the centerpiece for our party. Did I mention the deserts? The class supplied everything including the place settings, service and bussing the tables. Laurie sent the following. A great, great job, Thanks Laurie...

NOVEMBER 2017 UPDATE

Ye olde holidays approacheth, but it's never too early to make plans for fun in the sun next summer.

Let's review the basics:

The dates next year are September 16-21

meaning that just 10 short months from now it will all be happening.

The place is Madras, Oregon

a town of which you may have heard in connection with the recent solar eclipse.

The host hotel is the
Inn at Cross Keys Station
innatcrosskeystation.com

Our rate there is just \$117.99/night (all rooms, same price), and that's down \$2/night from some previous announcements (apparently they like us so much they reduced the rate without our even asking).

Don't say we didn't tell you:

Over 40 of the 72 rooms at the inn are already reserved. HIGHLY recommend that you make your room reservation NOW. Call (541) 475-5800 and mention Healey Rendezvous. Early arrivals Sunday, September 16 (recommended arrival day). Official first day with evening welcome reception, Monday the 17th. Wraps up Thursday evening, September 20, with awards dinner. (Friday, September 21 is a drive-home day that begins at the inn). All rooms just \$117.99/night and light breakfast is included.

Registration #1 is taken

Congratulations to Lynn Martin, owner-operator of "[Forever Healey](#)" in Post Falls, Idaho, who won the auction at the last Rendezvous for the coveted Registration #1 in the 2018 Rendezvous. The list of benefits is impressive and a bargain at the \$650 paid. More on this later.

["Operation Speed" - 1956, Romerille Salt Flats, Utah](#)

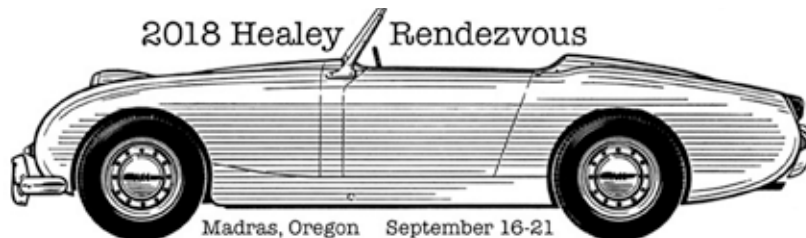

This is just to get you thinking about all the fun we'll have next September, and to encourage you to make that room reservation now. (Event registration will open after the holidays.)

"See" you next month with another monthly update.

Meantime, Happy Holidays!

2018 Healey Rendezvous

Madras, Oregon September 16-21

I got a haircut yesterday. Now that I live in Soquel I had to find a new barber. The Hairy Chair looked like a good candidate since it was closest to my house. To my surprise Rudy is a gear head and directed me to a Saturday morning gathering of three car clubs just up the road in the Starbucks parking lot. Whooeee has been languishing in the garage for two weeks amid mountains of “stuff”, so it is time to get out and sample the roads around here. Saturday morning here I come!

The bleek, breaking dawn heard the roar of her majesty's favorite sound as Whooeee backed out into the icy air. San Diego was never so cold. We arrived early and a few cars were scattered around the lot so we staked our claim on a central “compact” spot and settled in.

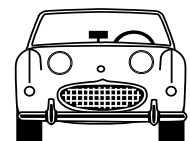

As in almost every show I have been to, crowds roamed around and talked about displacement, horse-

power, how long it took to restore, etc. Next to us was a 1942 Ford that looked like a rust pile. My son started talking about flashy paint, flames, pinstriping and all sorts of tricking out until I told him the value of “as found”. The owner had no thought of restoring the car. he'll leave it as is rust and all.

After wandering around a while and getting photos of me and my great grand daughter in Whooeee, we met Lee Tinder who was one of the founders of this event, some years ago. He edits a quarterly newsletter and wanted some photos of me and Whooeee for his newsletter. In fact, he said Whooeee is the first Bugeye to ever show up here. How about that, we're famous!!!

...continued from page 2.

At the time of purchase, we were told that the Healey had been driven from Florida to San Diego by a sailor. The story we got from the dealership was the Healey was owned by a sailor who could no longer afford it as he was being shipped out. Remember, Austin Healey's cost a fairly pricey \$3,565 in 1966. The sailor's mother consigned the car to Wescott Motors, where we purchased it in February 1967. Could we have purchased Curtis Blount's Healey a short time later? I think it could well be the same car.

Indeed, the Healey had Florida plates and I recall less than about 10,000 miles or so on the odometer. It looked like the new car it nearly was. The previous owner, (Curtis Blount?) was single, according to Garth, and might of had a dog that rode behind him as there were teeth marks in several spots on the fold down parcel shelf that locks in place, over the rear seats. And the blue owners manual still has the corner chewed off as only a bored canine passenger/companion would do.

I remember the front disc brakes being much better than the drum brakes on any American car. And it had a transistor AM radio that didn't have tubes to "warm up". And then there were the sporty 60-spoke wire wheels. We were "living large" in a very sharp car. The exhaust dual tail pipes rear resonators were already removed so it sounded like a Healey should.

So, what do you think? Could Curtis Blount be the original owner of my Healey? I would love to know... How many 1966 BRG Austin Healey BJ8's would be in San Diego, in 1967, with Florida plates?, and for sale?

SO, I am throwing this message in a wine bottle overboard. Will it be found by Curtis Blount, who would be about 74 now? Remember this was 50 years ago...

My hope is that someone reading this may remember Curtis Blount. Perhaps he is a relative of yours, a family acquaintance, who still drives a Healey. Is Curtis Blount one of your club members. If he is any of these, tell him I'm looking for him...

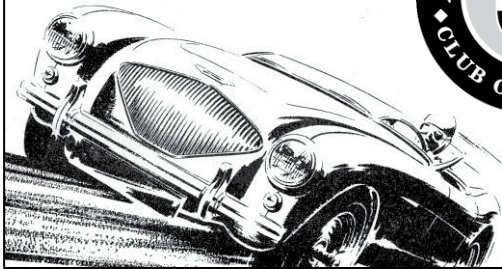

The hidden message is, *I would never have known this story had I not been out and about, enjoying my Healey (and wine).*

Happy New Year Curtis Blount, where ever you are...

Laurie who was home sick, as many of us were and are, sent the following, "Hi Warren, This is Laurie Ivers from Ramona High School (Bob's daughter) here is a list of the students who were there for your holiday luncheon: Jessica Nelson (12), Skylar Casey (12), Connor Haynes (12), and Justin Bates (10). They are only four out of the 150 students that had a part in preparing your meal. We (Sunny Seol and I) teach the cooking classes at Romona High School Sunny is my assistant and right hand person. Jessica has been in my Culinary Arts class all 4 years. Connor and Skyler are second year students and this is Justin's first year in class. Jessica, Connor, and Justin will be competing in Skills USA at the end of this month in Culinary Arts and commercial baking."

I am as guilty as anyone, forgetting the many crafts and trades the keep America thriving and seem to get little notice amidst others who appear to be undoing the good works of fellow citizens. While the famous, and infamous seem to grab the trendy headlines, let us not forget the coming generation of Americans who have always been the backbone of this country, whether they be in the kitchen, on the blue line or in emergency rooms across this country.

It is good that the Club supports these efforts. And they should be recognized...

CAR OF THE YEAR (COTY) AWARD

To recognize Club members who participate with their Healeys, the Austin Healey Club of San Diego awards CAR OF THE YEAR (COTY) points for various activities. Opportunities to collect COTY points include any car-related events (shows, drives, rallies, etc.) sponsored by an official organization (other car clubs, auto museum, city chambers of commerce, charities, etc.) where you participate with your Healey. Events need not be listed in the Club's newsletter to earn points.

The participant is responsible for providing proof of participation (entrance fee receipt, photo, corroboration from other club members etc.) to the COTY Recorder, Rick Snover (619-980-4194 ricksnover@earthlink.net) within 30 days after the event. AHCS D events will have a sign-in sheet that will be forwarded to the recorder. For members with multiple eligible vehicles, be sure to indicate which one(s) you drove.

COTY points currently approved by the Board are: AHCS D Meetings & Tech Sessions 4pts; AHCS D Driving Events, Parties, etc. 6pts; AHCS D Healeys on the Green 8pts; California Healey Week, Healey Rendezvous and Austin Healey Conclave 16pts; S.D. British Car Day and Rolling B.C.D. 10pts; other multi-day British-themed events 8pts; other multi-day events 4pts; other one-day British-themed events 4pts; other one-day events 2pts. Other non-Healey British-built cars earn half points, but are not eligible to win the award.

All points received during the year by all members will be worth a discount towards the purchase of AHCS D regalia during the subsequent year. The total point leader at the end of the year will receive the coveted CAR OF THE YEAR badge for display on their Healey for the following year.
