## From The Editor:

**R**eturning to my March tire story, the Borrego Desert tour was my first open road test with the recommended fifty-one pounds tire pressure.

So, What did I find out with the toe/in toe-out set at zero-zero? At speed, small steering wheel corrections can be magnified. It's not a serious problem, but it's definitely noticeable. Over corrections can seem like over reactions. The change is easy to get used to. My staid BJ8 becomes a slightly wild steed, like my favorite quarter horse, of years ago, when I would give her head.

Cornering is a different story. Keep in mind that I have installed Udo's Bilstien shocks years ago, which did away with the annoying "Healey Hop", most noticeable on rough surfaces, corners especially. The Coker-XWX Michelin's grab the road like they were designed to.

Years ago, Michelin designed the XWX's for the powerful Ferrari's, Maseratti's, Porsche's, Jaguar's and Pantera's of the 50's, 60's and 70's for speeds up to 140 MPH.. They have made my humble BJ8 handle much better, even at much more modest Healey speeds. Besides, they look cool. Like life, I pay my money and make my choice...

This months Anza-Borrego Desert drive missed the rusty and dusty desert fauna of Ricardo Breceda, the accidental metal sculpture artist. Too Bad. A construction worker, an injury and fate decided his new life path. His work is world renound with the largest concentration in Borrego. His desert dennisons go back to ancient habitants. His road to fame is interesting. And his art worth a second trip, for me, to see his works up close . Any takers?...

I'm always waiting for members Healey stories, and waiting, and waiting, and waiting...Any takers here?

Yet another month has passed and it's coming into that IRS time of year. Damn!

**We enjoyed another memorable trip to Borrego Springs** and it was a wonderful drive. We enjoyed meeting together at Dudley's and then continued our trip. We had five Healey's, one Jaguar XKE and one Jeep. Traffic was minimal, although many of us had concern about the likelihood of heavy traffic. Truly, a great Super Bloom for us to remember. It couldn't have been a better day for enjoying a colorful ride with great weather. The hills were more green than brown, with areas of explosive color. We had a great lunch at the Borrego country club resort, before leaving for San Diego. Some of us stayed to enjoy an art festival and shops with sweets and fudge.

Thank you Lou and Debbie, for all your time planning the Borrego drive. It was wonderful sharing this time with our friends. It's all about getting together for a great time and fun drives that matters.

The newsletter is great to catch up on events, but it would be nice to see more of you at meetings. Mimi's has recently changed many menu items, and even though we ended up meeting in the usual area, we had to rearrange tables ourselves to suit our meeting needs. I have begun to search other restaurants to improve the venue. Please send me your suggestions. We may end up closer to your home area. Remember, we are looking for a place for anywhere between 15 to 25 of us to meet, plan and have fun interacting together.

**Hope to see you March 30<sup>th</sup> for our trip to Allen Airways** with the MG club. Sorry about the late notice sent separately, but opportunity knocked in March, rather than September or October.

We have much to discuss in April regarding some of our future events. Come join us at Bully's East near Texas St. on April 10<sup>th</sup> 6:30. Rolling British Car Day, California Healey week and Campo train ride and Museum are planned or are in the works. See you soon. Please keep your eyes on our Calendar for future event planning and "save the date". We would really like to hear from you, listen to your suggestions and work on exciting event ideas. It's your club and we look forward to being with you.

Day of Remembrance:

March 26<sup>th</sup> was a special day to honor and remember Gerry Kwiat" as he was interred at the Miramar National Cemetery. There were many who spoke sharing stories and their fond memories in celebration of his life. He was a great man, who brightened those around him. He will be missed.

Howard Stark

- Lou reminded the group that California Healey Week is coming up in Temecula May 13-17.

**Newsletter:** Editor Warren Voth discussed that the newsletter was 12-14 pages. Howard reported that the club was sending 26 hard copies a month to people who do not have paid memberships or purchased advertisements. A motion was made, seconded and a unanimous passed, to update the club roster. Gary volunteered to contact advertisers.

Howard thanked Doc for attending the Automotive Museum Car Club Counsel Meeting and bringing back flyers of future activities.

Howard reported that the club purchased a plant for member Susie Kuwait and announced that funeral services for her husband Gerry, who was also a club member, would be March 26 at 11:00 a.m.

New club badges were discussed and Warren brought samples. There were some members interested in pursuing an order for the membership, so more discussion will follow at another meeting.

A motion was made, seconded and the members unanimously voted to create a perpetual trophy and badge to be awarded to coty point winners. The trophy will incorporate the current coty badge and a new additional badge will be created for the winner to keep.

April 10 will be the next Austin Healey Club monthly meeting 6:30 p.m. at Bully's in Mission Valley off Texas St.

The meeting was adjourned 7:55 p.m.

Respectfully submitted, Deborah Durham, AHCSO Secretary.

### *what the future brings....*

• **April 10th Monthly Club meeting** 6:30 PM at Bullys in Mission Valley, off Texas Street.

• **April 28th Rolling British Car Day**

• **San Diego British Car Day will be held on SATURDAY, OCTOBER 12th, 2019.** Saturday proved to be a popular choice, as opposed to Sunday, so we will continue to hold it on Saturdays. We have our reservation in for Spanish Landing Park East, in Cancer Survivor Park, but we also continue to search for other venues. We're always looking for ways to improve your experience, and bring our British Car culture to the public's attention, and with that in mind, the quest for best venues is never ending.

One improvement that we have made, which we know will be a welcome change, is that if we offer a class, and even one car enters that class, we will not cancel or merge that class. In the past, we have required at least four cars to be entered at least a week in advance, in order to hold that class. This year, we will offer a solid class list, and every class will be held, as long as there is at least one entrant by the deadline. We listened to your input and concerns, and we agreed that merging or canceling classes detracted from your experience at our show. The awards have also changed, and we think that you will be delighted!

Registration will open on September 1st, and you will receive multiple reminders and the link when it opens.

Please save those two dates, APRIL 28th and OCTOBER 12th, and let your clubs and friends know. This year marks the fiftieth anniversary of the San Diego British Car Club Council, and the continuing appreciation and promotion of the British car culture in San Diego, is our only focus. You are our partners in this work, and we truly appreciate every one of you.

• **April 13th Tour and April 14th La Jolla Concours de Elegance** Do you know folks with clean TR 2s or 3s? The La Jolla Concours de Elegance committee is looking for up to eight nice representatives of the Marque. It is also looking for examples of British sports cars and saloons from 1948 to 1970

The **Concours** is a fun event for those showing their cars, with a tour the day before the Concours and several other parties & activities. The judging is not by Marque specialists, but would have judges familiar with British cars in general. Mark your calendar. The Tour is the 13th of April with the Concours on following on the 14th.

If you know anyone interested please have them contact: Nigel Matthews - e-mail - nmatthews@hagerty.com

I hope many of you can join us for a great motoring weekend in a beautiful setting,

# Rolling British Car Day

## April 28, 2019

Gather at 9 am, at either Parkway Plaza or Kelly's Pub in Rancho Bernardo, drive some of San Diego's best back roads to arrive at Menghini Winery for a picnic lunch in their meadow.

Please find details at  
[www.sandiegobritishcarday.com](http://www.sandiegobritishcarday.com)

Registration will open on March 14<sup>th</sup>

Cost is \$15 per car online or  
\$20 per car onsite

All British automobiles and motorbikes are welcome

The joy of owning a British automobile, is driving it. On April 28th, we will gather at two starting locations, and both routes will join together to finish at Menghini Winery, just outside of Julian.

Our northernmost start point is at Kelly's Pub, 15817 Bernardo Center Drive, San Diego. We will have the use of the entire parking lot, and there will be food available to purchase. Owner DeeDee Kelly promises that she will have pastries, their famous breakfast burritos, and coffee available to quickly purchase and carry back out to the parking lot, to eat while you are kicking tires and sharing stories. Their kitchen opens at 7 am, if you would like to come early and eat sitting down. Please arrive by 9 am. We will roll out around 9:30.

Our southernmost start point is at Parkway Plaza West, we will gather at the parking lot in front of the Sprint store, 695 Fletcher Parkway, El Cajon. Directly across the street is a Panera Bread. Panera Bread has an extensive menu of muffins, pastries, breakfast sandwiches, coffees and teas. You can eat in, or take out, to join your friends in the parking lot, checking out cars. Panera Bread opens at 6 am, if you would like to arrive early and eat sitting down. Please arrive by 9 am. We will roll out around 9:30.

After about an hour and a half of twisty, enjoyable roads, with the two routes merging around Ramona, we will roll into the Menghini Winery for our picnic lunch. Menghini Winery was originally an apple orchard, and the ninety year old building is now the location of a small, family owned specialty winery. The owners, Mike and Toni, are car enthusiasts... they will bring out their MG and Jaguar, and open their collection for us to walk through. Menghini Winery, being quite small, does not have food available, but we encourage you to taste their wines! Bring your own picnic, as they are giving us the use of their mowed, tree studded meadow, with picnic benches. If the day is bright and clear, it will be a perfect place to linger, sip wine, and show off our automobiles.

Registration is now open. You can register and pay online, or register and pay cash onsite, choosing a button below. Registration is \$15 per vehicle if you register online. To register without using a Paypal or credit card, you are simply sending us your contact information, and then you can pay \$15 cash on the morning of the event.

**REGISTER ONLINE**

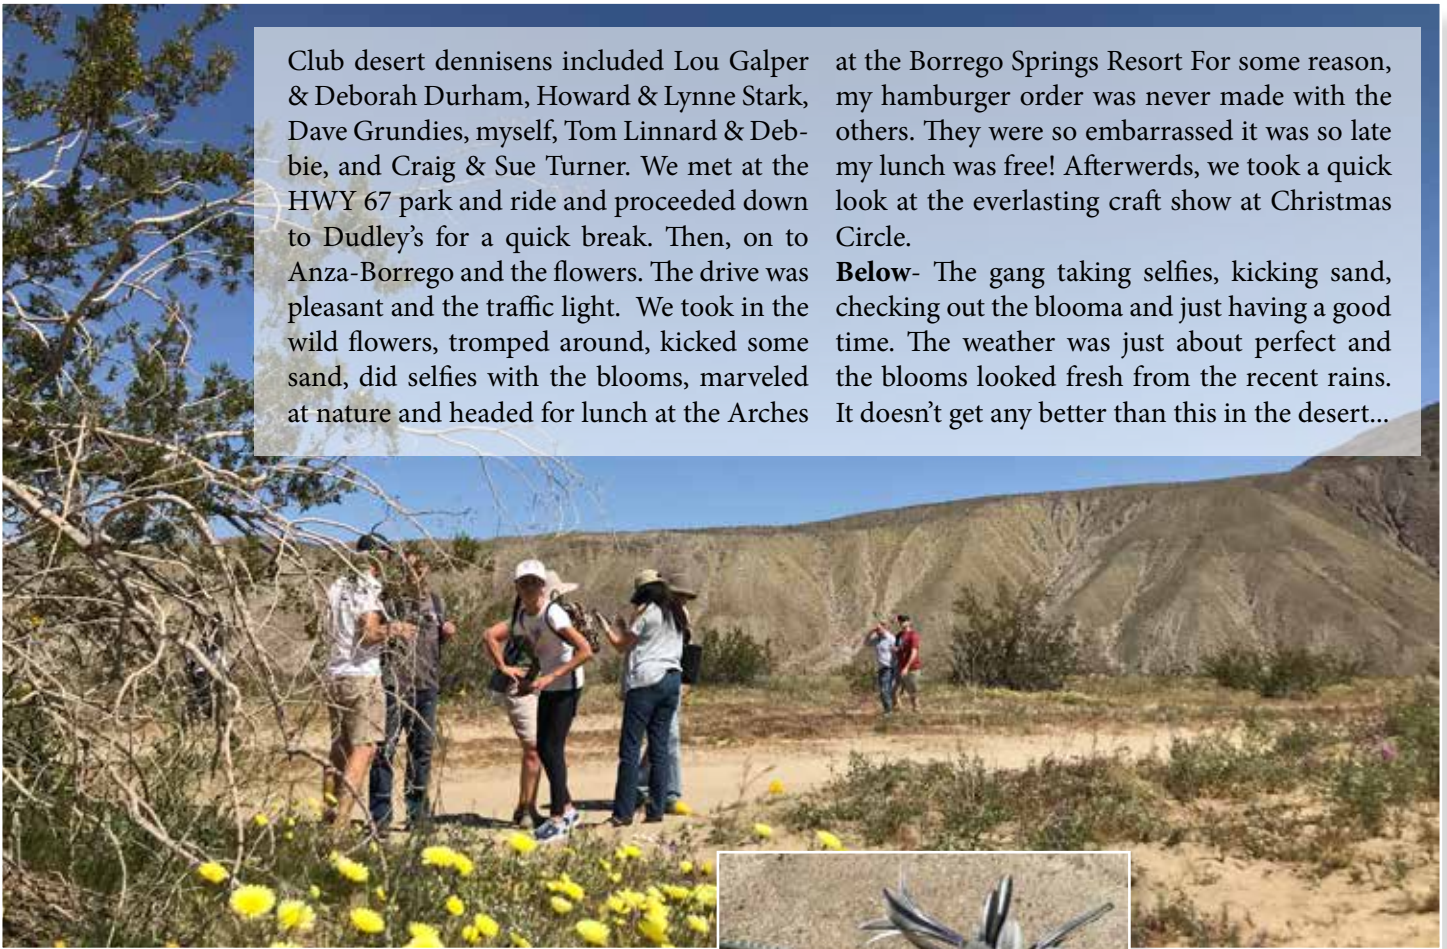

**REGISTER WITHOUT PAYPAL**

If you are not currently on our email list, you can subscribe [here](#). Emails will go out when registration is open. You will not need to use a credit card if you prefer to pay when you check in.

Club desert denizens included Lou Galper & Deborah Durham, Howard & Lynne Stark, Dave Grundies, myself, Tom Linnard & Debbie, and Craig & Sue Turner. We met at the HWY 67 park and ride and proceeded down to Dudley's for a quick break. Then, on to Anza-Borrego and the flowers. The drive was pleasant and the traffic light. We took in the wild flowers, tromped around, kicked some sand, did selfies with the blooms, marveled at nature and headed for lunch at the Arches

at the Borrego Springs Resort. For some reason, my hamburger order was never made with the others. They were so embarrassed it was so late my lunch was free! Afterwards, we took a quick look at the everlasting craft show at Christmas Circle.

**Below-** The gang taking selfies, kicking sand, checking out the blooma and just having a good time. The weather was just about perfect and the blooms looked fresh from the recent rains. It doesn't get any better than this in the desert...

The gang, getting ready for lunch at the Arches Restaurant at the Borrego Springs Resort.

Craig Turner memorializes Lou and Deborah while Sue gives him directions...

A pristine white desert bloom.

Abundant winter rains have made this one of the best blooms in several years. And for us country types, plenty of weeds to get rid of before summer.

The crew is parked at the end of Di Giorgio Road at Coyote Canyon and ready to head out to the blooms.

Tour director Lou Galper provided us with maps to keep the flock together.

The Allen Airways Museum with the MG Car Club and Healeys out front.

**The Allen Airways Museum** located at the Gillespie Air Field in El Cajon, is definitely worth the visit. This is my second visit and I and I saw things I missed the first time.

Charles Lindbergh memorabilia in center of display case

The event was hosted by Bill Allen and Bill Masquelier of the MG Car Club. I met Bill Allen, the museum owner/curator, with an incredible knowledge of early aviation. I followed a small group who followed Bill around the exhibits and hear him tell personal stories of almost every one. As a graphics person, my favorites are the early air show posters who art reminds me of Henri de Toulouse-Latrec, the nineteenth century French Impressionist poster master.

This article doesn't do justice the Allen Airways collection. You'll see antique airplanes, ready to fly, cases of models and memorabilia, posters, historic photos, a piece of the Hindenburg that went up in flames at Lakehurst, New Jersey. A favorite was Howard Hughes flight case that contained his flight maps. There is a model of his Spruce Goose, with spinning props, that used to reside in real life in Long Beach along side the Queen Mary.

I met Gary Stalker, Lou Galper & Deborah Durham, Bob Humphreys, Howard Stark, Alex Watt, Ed Matheus, and Bob McAllister. in the Sears parking lot. David "Coyote". Crawford joined us for lunch at the Airport Cafe. Those who couldn't make it, missed a fun afternoon...

The usual Club suspects...

## Inside Allen Airways Museum

Allen Airways Hanger Museum features Hughes Spruce Goose followed by a Lockheed P-38 Lightning long range fighter and a Meserschmidt ME-109.

Period posters of early 1910 flight meets In Niece and Lyon in France.

Display shows photo of Howard Hughes in one of his 1930's racers resting on his personal flight chart case. Case is marked HGH.

## CAR OF THE YEAR (COTY) AWARD

To recognize Club members who participate with their Healeys, the Austin Healey Club of San Diego awards CAR OF THE YEAR (COTY) points for various activities. Opportunities to collect COTY points include any car-related events (shows, drives, rallies, etc.) sponsored by an official organization (other car clubs, auto museum, city chambers of commerce, charities, etc.) where you participate with your Healey. Events need not be listed in the Club's newsletter to earn points.

The participant is responsible for providing proof of participation (entrance fee receipt, photo, corroboration from other club members etc.) to the COTY Recorder, Rick Snover (619-980-4194 [ricksnover@earthlink.net](mailto:ricksnover@earthlink.net)) within 30 days after the event. AHCSO events will have a sign-in sheet that will be forwarded to the recorder. For members with multiple eligible vehicles, be sure to indicate which one(s) you drove.

COTY points currently approved by the Board are: AHCSO Meetings & Tech Sessions 4pts; AHCSO Driving Events, Parties, etc. 6pts; AHCSO Healeys on the Green 8pts; California Healey Week, Healey Rendezvous and Austin Healey Conclave 16pts; S.D. British Car Day and Rolling B.C.D. 10pts; other multi-day British-themed events 8pts; other multi-day events 4pts; other one-day British-themed events 4pts; other one-day events 2pts. Other non-Healey British-built cars earn half points, but are not eligible to win the award.

All points received during the year by all members will be worth a discount towards the purchase of AHCSO regalia during the subsequent year. The total point leader at the end of the year will receive the coveted CAR OF THE YEAR badge for display on their Healey for the following year.

We take pride in being fussy. Take our Classic Gold brake shoes for example. Before being called Classic Gold, we improved the original stock design, then had them manufactured, inspected, trial fitted and tested on the road. Accept nothing less than the best. We don't.
