Note from the Editor

Greetings AHCS D members. After hitting a couple of speed bumps getting the Healey Hearsay published for May, I think things are moving a bit more smoothly for the June edition. And do you believe it is June already? I am having trouble processing that. So, what do I try to speak (type) about this time around? First, I really want to give a round of kudos to the members who joined our May wine tasting event. It was a great event. At the first winery, Three Hills, we had 9 Healeys. I think that is the most I have seen attend an event since Laura and I joined the club in early 2021. The weather was fantastic. The wines were all quite good. I must say, the highlight was parking on top of the hill at Speckle Rock and the photos of the cars we took. Anyway, there is a write up of the event further down in this issue. I won't waste any more verbiage here. For this issue, we have Ed Matheus highlighted in the Members Profile Q & A. Ed has a great wit, I'm sure you'll enjoy reading his responses. We also are adding a page for Members to share their Healey experiences. Be it a nice weekend drive we took, a brief story about how we got interested in Healeys, whatever you would like to share is welcome. Please send me a paragraph and a photo to share with your fellow club members.

Cheers—Terrey

From The President

Hello members, our May issue of the Healey Hearsay did make it to an on-line LINK to a computer screen near you! But, it took a bit of fancy maneuvering by editor Terrey Leyland to shrink the files to “Byte-size” to allow email of the 16 page edition to the waiting hands of Web-Master Rick Snover. Rick did then manage to rearrange those 16 pages into two “Byte-size” files and send it to all of us via our Google Group email system in TWO links! End of story? No! In addition to the file size issue, and some late content contributions, we also discovered that a significant number of our members – including me – were not receiving the all-member emails with the activity reminders and the Hearsay Links! Stay tuned and be on the look out for any Google Group emails. If you are, or are not, receiving the usual emails from Rick Snover, drop him a note to let him know if your email seems to be working correctly. There may be an issue with just COX.NET email accounts blocking delivery of our group emails. More on this as we figure out what to do!

On a happier note, I can report that John Lee, our VP/Membership director is now fully in charge of our final club renewal process and our 2023 renewals are 99% done. A complete 2023 member roster should be available via separate email requests. To check your listing and to make changes to contact info, address, Healeys or other British cars in your stable, or add your birthday and anniversary dates, contact John Lee. No more renewal reminders – at least until late October!

Thanks to Kathleen Reid for her always thorough meeting minutes, and in this issue the first in her new series of club member interviews. Number one is the interview with long-time member and past club president, Terry Cowan. If you haven't read it, I urge you to find it in these pages and enjoy it! It's fun, interesting, informative, and revealing. You may pick your own adjectives. And be sure to thank good sport Terry for doing this interview. We all can look forward to more of these in future Hearsay editions!

Remember, we need a short note and maybe a picture or two from YOU describing something from the last event you attended. Send your contribution to Terrey Leyland by the end of the month. That gives Terrey time to get the draft Hearsay ready for review 10 days or so ahead of the June 14 meeting.

Last note: Sorry I missed the Ramona Wine Tour. I look forward to hearing all about it at the June meeting. And I hope to see you in a Healey for the Campo Train ride and drive June 10th.

Don

May Meeting Minutes

AHCS D May 10, 2023 Meeting

President Don Benke called the meeting to order at 7:00 pm

(H) = Drove Healey, (O) = Drove Other British

There were 24 members in attendance: Joan & Bob DeYoung, Robert & Kathleen Reid, John Lee (H), Ed & Sandy Matheus, Lex Dunn, Richard & Ada Stevens, John McCoy, Laura & Terrey Leyland (H), Don Benke (H), Lou Galper & Deborah Durham (O), Capt Dave (H), Howard & Lynne Stark, Rick & Allie Snover (H), Terry Cowan (H) and Sandy & Lily Leon.

Don Benke reported and brought forth the following: He welcomed the members in attendance. A motion was made and passed to approve the meeting minutes from April's meeting, noting that they were late in arrival. He also gave an update on the groundwork being laid for updating the club's website. A committee (Laura & Terrey Leyland, John Lee, Ed Mathius, Rick Snover) met via a Zoom meeting to discuss wants and needs for a more useful website. They have 2 people who will provide an estimate of charges for the work to be done. We will be using the same web address, and hope to be able to make updates to the webpage in house, as opposed to continuing to pay someone from outside the club. It was suggested that members would be able to vote on any allocation of budget for this project.

John Lee: Membership report – Relayed that he had invited 2 parties that were interested in joining the club to attend the meeting, however they were not in attendance this month. This year's membership drive is almost complete with a few late renewals. We should expect that an updated membership roster will be available soon. Rick Stover reported that he could send out a link to members with a printable list and Lynne Stark said that she would also make printed copies. There was a discussion about waiving membership fees for long time more senior members who are interested in club updates.

Lynne Stark: Regalia update – The vinyl decals/logos have been received. There are 20 sets of white and 10 sets of black (small logo for front pocket/AH wings logo on back). In order to work around the difficulty she's been having finding shirts from a vendor without having to buy too many, Lynne asked that anyone who would like to purchase should procure their desired shirt, wash it, and then bring it to Lynne and she will have the logos attached. Don suggested that any regalia that we currently have on hand could be inventoried and photographed to be included in the Healey Hearsay. This would give members a better idea of what might be available. Terry Cowan reported that he has some boxes of AH items that could be included.

Sandy Leon: Treasure's report – The AHCS D remains solvent with a fund in the bank. Our club recently received \$120 from the national club for local members who joined the national club directly.

Laura Leyland: Activity report – Laura updated the members on upcoming planned events, including a drive to Ramona for a picnic and wine tasting (May), a drive to Campo for a museum visit and train ride (June), a Saturday/daytime club meeting and party (July), Cruising Grand in Escondido featuring British cars & British Car Day at Tideland's Park (August). California Healey Week in Lake Tahoe is happening September 18-22 this year. Members who plan on attending could possibly arrange to drive in a 2-day caravan, stopping in Bishop overnight before heading to Tahoe. There was a discussion of a tech session to assist members in car prep ahead of this week.

Ed Matheus shared information regarding the Temecula Car Show which he had just attended. He highly encourages others to register for next year's event to be held May 3-4, 2024. He will remind others when registration opens up in January.

Laura Leyland would like to add a members' page to the Healey Hearsay. In order to foster greater member participation in club communications, members are HIGHLY encouraged to send in pictures they may take while out and about in their cars, including just a caption or brief paragraph describing any related news and information that other members would enjoy seeing and reading about. Anything that you would like to include should be sent to Terrey Leyland (terrey.leyland@cox.net)

Meeting Adjourned at 7:56 pm.

Important Info/Announcements

ATTENTION!!

Attention 2023 Healey Club members: THANK YOU for your renewals! For a handful of non-renewing members from 2022, we are sorry to see you go! If you have a change of heart it's never too late to rejoin the club, but this is the last reminder for 2023. Also remember, you can always contact our Membership leader, John Lee, leebsmba@hotmail.com to check your status!

Regalia—AHCSD Coffee Mugs and Name Tags

Austin Healey Club of San Diego Coffee Mugs are still available. They are white outside with cobalt blue inside. They hold up to 16 ounces of coffee, tea, or your favorite beverage. A large cup setting on your Keurig fits perfectly with space for creamer! The club logo is printed in color, front and back, with the AHCSD name in script on the side. They come individually boxed, perfect for gift giving. Club Member cost is \$12.00 each. Reserve yours today by calling Lynne at 619-579-7551.

Name Badges are still available to any club member who would like one. Cost to members is \$5.00 per badge. Get one for yourself, your spouse, family member or any significant other. Badges will show your name(s) as you want them to appear with the year and model of your car. Badges have a magnetic fastener so there will be no pins or holes in you clothes. Please note, if you have more than one Healey, (what a problem to have!) include that info and we'll get them listed, unless you have 10. Allow 2—4 weeks for delivery.

Contact Lynne at 619-579-7551 or redjag99@sbcglobal.net to order

CAR OF THE YEAR (COTY) AWARD

To recognize Club members who participate with their Healeys, the Austin Healey Club of San Diego awards CAR OF THE YEAR (COTY) points for various activities. Opportunities to collect COTY points include any car-related events (shows, drives, rallies, etc.) sponsored by an official organization (other car clubs, auto museum, city chambers of commerce, charities, etc.) where you participate with your Healey. Events need not be listed in the Club's newsletter to earn points.

The participant is responsible for providing proof of participation (entrance fee receipt, photo, corroboration from other club members etc.) to the COTY Recorder, Rick Snover (619) 980-4194 smokey.snover@gmail.com within 30 days after the event. AHCSO events will have a sign-in sheet that will be forwarded to the recorder. For members with multiple eligible vehicles, be sure to indicate which one(s) you drove.

COTY points currently approved by the Board are:

- AHCSO Meetings & Tech Sessions 4pts
- AHCSO Driving Events, Parties, etc. 6pts
- AHCSO Healeys on the Green 8pts
- California Healey Week, Healey Rendezvous and Austin Healey Conclave 16pts
- S.D. British Car Day and Rolling B.C.D. 10pts
- Other multi-day British-themed events 8pts
- Other multi-day events 4pts
- Other one-day British-themed events 4pts
- Other one-day events 2pts.
- Other non-Healey, British-built cars earn half points, but are not eligible to win the award.

All points received during the year by all members will be worth a discount towards the purchase of AHCSO regalia during the subsequent year. The total point leader at the end of the year will receive the coveted CAR OF THE YEAR badge for display on their Healey for the following year.

Highland Valley Winery Drive

What a great turnout and event. We had a total of 20 people and 9 Healeys. The following people were in attendance. It was a pleasure to see everyone. The attendees were Terrey and Laura Leyland in their 1962 BT7, Terry Cowan in his 1965 BJ8, Lou Galper and Deb Durham in their 1955 BN1, Warren Voth, Kathleen and Robert Reid in their 1962 BN7,

7 of the 9 total cars at Speckle Rock Winery. What a beautiful location.

Rick and Ally Snover in their 1962 BT7, Lex Dunn, Ron and Carolyn Richtmyer, Ed and Sandy Matheus in their 1960 Sprite, John Lee and Susana Davis in their 1966 BJ8, and finally but not least or last was Howard and Lynne Stark in their 1960 BT7.

We started our adventure at Three Hills Winery and this place was beautiful. It overlooks a good sized pond where we had our picnic lunch under a gazebo right next to the pond. We were serenaded by several bull frogs and there were also turtles sunning themselves on the rocks. There was ample parking on the grass under the trees for some nice shade.

Our second stop was at Sunrise Vineyards just down the road and they reserved a nice table for us under a canopy as we sipped their wonderful wine and took in the panoramic views of Ramona valley. In the distance you could see the Ramona airport. There was a musician playing on the patio with a very wide range of music. I was half expecting to hear "Everybody Wants to Rule The World" by Tears for Fears as the video to this song features an Austin Healey. Terrey and I scouted this winery the week before the event, and that song did play on the radio while we were there/ And, of course, we did drive the Healey.

Eric, Deb and Lou at Three Hills Winery

Highland Valley Winery Drive

Our third and final stop was at Speckle Rock Winery a little further down the hill and it overlooked the spectacular San Pasqual Valley. Almost everyone made it to the third winery so what does that tell you about us bunch, heck, we just all love great company and maybe some wine too. The winery had a lovely spot for us at the very top and our own parking area as well. What they did not tell me when I made the reservation how steep it was to get up there and the bump we had to go over as well. Luckily, we all got up there unscathed and no parts were left behind. We all parked but then realized it would look much better if the cars were turned around facing out for a nice photo op. We got quite a few onlookers while this was being done. It was sort of like watching bumper cars go but without hitting each other.

Thank you all to such a great event and we look forward to more get togethers in the future.

May 28, 2023 From John Lee and Susana Davis

Susana and I participated in the Fallbrook Vintage Car Show at Bates Nut Farm today, Sunday 5/28. British cars were the theme. We entered both Healeys in the car show. The 67 Healey won an award and was recognized as the British car with the "best paint". There were two other British winners. A Jag XKE was selected as the top British car and earned top car. This event was excellent and well managed.

From Eric Graves

As I enjoy my 7th year as a member of the Healey club I still feel as though I'm a bit of a new guy. As I critique the club's membership, I realize I'm the guy that I most would change. My attendance at club meetings has been hit and miss and general participation has been sketchy at best. Traveling to visit grandchildren at this point in my life is important and fulfilling. That is a way of saying Saturday's three-winery drive with nine Healeys was a day I wouldn't have wanted to miss. I would submit it as the second most enjoyable day of my Healey ownership. The first being the drive during Conclave in Big Bear to Lake Arrowhead.

Laura and Terrey Leyland, my utmost gratitude for your planning and organizing efforts. My interest in the club has always been primarily in our driving expeditions. This one was very special. Enough cannot be said about the charming wineries we visited that you reserved for us. Each one anticipated our coming and seemed prepared for our nine good looking Healeys. Lou, Deb and Howard had performed some excellent coat-hanger expertise on my low-hanging tail pipe. Many thanks folks!

There seemed to be a real sense of camaraderie with the group. Laura's arrangement under the shaded picnic area right next to the water was ideal. Lynne Stark was her typically cheerful self. Rick and Allie Snover contributed greatly in the friendly chatter. Deb was graciously sharing her bag of chips with all. Oh...and the Three Hills wine was good too! I was initially concerned with the possible heat in the Ramona area but temps in the mid-70's was perfect. Even a stray turtle visited us perched on a dry rock.

When the day concluded sitting high atop a scenic hill at Speckled Rock, the laughter and friendly banter was hard not to notice. I had started the day at Secret Car Club in Rancho Santa Fe and covered nearly 140 miles to end up with you all overlooking the farms east of Escondido. Folks, it was simply a fun-filled enjoyable day! It was great to be with you all!

MY LED'S WERE DRIVING ME OFF THE ROAD...AND NUTS!

by Warren Voth

I have had an ongoing problem with my LED head-light conversion since Nathan and I installed them on..... The problem is they would blink on and off while driving at night. And it was driving me nuts trying to find the problem. My first thought was a loose connection, somewhere in the wiring. I went over all the looms several times. I checked the all connections and the ground at the outside of the right fender well. Everything looked as it should. I even replaced the left head lights pig-tale as it looked shaky. The problem persisted. Thinking I must have overlooked something, I repeated the process.

I was beginning to feel somewhat guilty as I believe several Club members had converted their cars after they saw mine. The installation made a great deal of difference for me as the ambient light levels are low on Dehesa Road to my home. The casino traffic has an increasing number of vehicles with LED head lights that overpowered my old technology Halogen H4's to the point I could not see the road around oncoming traffic. I could easily hit an animal, or perhaps a person walking along the left side of the road with their back, or tail to me...

I went on line to the STELLA LUX Led Conversion site and found... NOTHING. Everyone loves them.

Out of desperation, I drove over to Broadway Auto Electric in Lemon Grove. They did a cursory check of connections, found one that seemed a little loose, for no charge. Everything seemed fine. Drove my Healey to my son Nathan's home in Alpine and the problem persisted. By now, my light problem has been with me for going on three months...What in the heck am I going to do?...

Out of desperation, I called Udo Putzke with my problem. You may remember I did an article, about two years ago on his LED installation. It's where I got the informa-

tion to install my LED's.

Udo was right. I had a bad ground... (for LED's). I removed the ground screw in the fender well (behind the steel gas line) by the front SU and swabbed the contact spot with acetone dipped cotton Q-Tips. (be sure to cover the fender).

SO, if your new LED's flicker on and off, by all means, check all connections...and... don't forget LEDs are sensitive to a good ground connection...
